HELD FOR MURDER!

It is Believed That Farmer Thomas Davidson Was Murdered by His Nephew.

"Is it murder?"

Such a question was propounded in tones akin to awe to-day when the fact became known of the arrest and incarceration in the county jail of young Thomas Davidson, on suspicion of having killed his uncle, a well-to-do farmer of Lake township, who was found dead in his barn Monday morning.

Thomas Davidson, the deceased, was an old and respected resident of Lake township, this county. He was about seventy-five years old..

He had neither wife nor children and when his nephew, Thomas Davidson, a young man, returned from the west about a year ago, the old man welcomed him into his home with the kindness that he would have extended to a son.

Among other things the old man conveyed to his nephew by deed an eighty-acre farm situated two and one-half miles north of Arcola. Time wrought changes. The headstrong nephew did no seem to get along with his gray-haired uncle. Differences arose between them and the younger Davidson left and went to the farm of Wallace Madden, near by, where he procured employmemt.

While there he asserted his rights to the property deeded him, even going so far as to charge his uncle with driving him from the premises.

These circumstances in brief, connected with

FINDING THE BODY,

led to the arrest of young Davidson. The body of the old man was found Monday forenoon in the barn, not far from the farm-house. The body was lying within three feet of the horses' heels, as if to convey an impression to the discoverer that death was caused by being kicked. The corpse reposed on its side, with no descernible marks of violence.

Coroner Kessler, of this city, was summoned and later Prosecutor Robinson, Sheriff Viberg and Deputy Tom Wilkinson drove out to the scene.

The coroner, upon examination, found three ribs in the old man's body fractured, although there was no outward indication of any blow or kick from a horse.

The sheriff and his deputy found faint impressions of finger marks, as they believed, upon the neck, as though somebody had resorted to choking the old man to get him out of the way. The evidence led the officers to suspect the man who is now in the custody of the sheriff.

YOUNG DAVIDSON'S TESTIMONY.

At the inquest, before the arrest, young Davidson testified that he was at Mr. Madden's house Sunday evening.

Mrs. Madden and Mrs. Hire previously testified that Davidson was not at the Madden house after 3 o'clock Sunday afternoon until 10 o'clock at night.

Davidson also testified that he ate supper at the Madden house.

The young man continued until he had contradicted himself several times, when he was arrested.

Old man Davidson was last seen about the farmhouse Sunday, shortly after dinner.

THE PRISONER.

A SENTINEL reporter visited the jail early this morning and was ushered by Turnkey Lindley into the murderer's ward, where he soon came face to face with the prisoner.

Young Davidson has just passed his twenty-eighth year. His dark hair and mustache and a glass eye give him anything but an inviting expression. His appearance was uncouth, and he had a morose air about him when approached by the reporter.

The prisoner is an unmarried man.

"I don't want to be interviewed," he growled, as he slammed a knife and fork down on a plate, after having eaten a light breakfast.

"Don't you want to deny anything, or say a few words that might vindicate you in the eyes of the public, who now believe you to be a murderer?"

"I don't want to say anything. I don't see why they should lock me up."

The prisoner could not be urged to say another word.

OFF TO ARCOLA.

Shortly after 9 o'clock a vehicle appeared at the jail and shortly afterward Sheriff Viberg and Deputy Sheriffs Wilkinson and Black, with the prisoner in custody, were off for Arcola.

The object of the trip to Arcola was to have the prisoner go to those places where he claimed to have been at certain times, and ascertain if any of his statements prove true.

DAMAGING CIRCUMSTANCES.

A SENTINEL reporter, hearing that Wm. J. Barr, the grocer, was intimately acquainted with the deceased Davidson, called at the store on West Main street for an interview. The proprietor was absent, having gone to Arcola to inquire after some business affairs in which he had been interested with the old man, but James Barr, a brother, was willing to talk. He said:

"Yes, old man Davidson and my father came from Ireland to this country together. They used to be old cronies."

"Have you ever heard the old man talk about his nephew?"

"Yes, it was not long ago he was in the store talking about him. He said that his nephew had threatened him and he said he was in fear that some time violence would be done him."

"Did he ever say that any violence had been done him?" the reporter asked.

"Yes he stated that at one time after he deeded the property he was taking wood from the premises when the nephew ordered him to get out and thrust him off the premises."

CORONER KESSLER

was interviewed and he said:

"Davidson gave very contradictory evidence. At one time he said he was fishing in Eel River township; again that he was in bed at a certain hour, which was proven false; at another time he told Sheriff Viberg another story. It is plain that the man acts as if there was guilt attached to him."

THE DEED.

The deed to the property, which cuts such a prominent figure in the bloody chapter, reads as follows:

"This indenture witnesseth that Thomas Davidson (widower) in consideration of $100 and support to him paid by Thomas Davidson, nephew of above grantor, and son of James Davidson, the receipt whereof is hereby ackowledged, does grant, bargain, sell and convey to the said Thomas Davidson, his heirs and assigns forever, the following real estate in Allen county and state of Indiana, described to-wit:

The east half of the northeast quarter of section 30, township 31; north range, 11 east, containing 80 acres according to government survey.

It is hereby understood between the parties above mentioned that the support of the grantor during his lifetime by the grantee is the consideration of this conveyance, and upon failure to support properly said grantor this deed will be null and void. * * *

Personally appeared before me, the subscriber, a notary public, in and for said county, Thomas Davidson, the grantor in the above conveyance, and acknowledged the same to be his voluntary act and deed for uses and purposes therein mentioned.

Witness my hand and notarial seal this 25th day of October, 1888.

[NOTARY SEAL.]

JOHN C. HELLER,
Notary Public.

Recorded October 26, 1888.

M. M. THOMPSON,
Recorder Allen County.

There still remains another eighty acres in the old man's name.

THE OUTCOME.

What will it be? The web of guilt is weaving itself around Thomas Davidson. His conflicting stories about his whereabouts upon the night when it is supposed the murder was committed, the threats he made against his aged uncle and the general circumstances tend to work against the prisoner. A trial in the Allen circuit court on the charge of murder in the first degree will no doubt be the outcome of this alleged crime; and if the prisoner is found guilty he will probably pay the penalty on the gallows.

THE CAUSE.

If young Davidson committed the murder his object was to prevent his uncle from revoking the deed to the land, for which purpose proceedings were entered by the deceased before a justice of the peace at Arcola.

The case had been appealed to the superior court of Allen county, where it now is awaiting trial.

CARNIVAL OF DAYS.

A Brilliant Event Inaugurated at the New Schmitz Block.

The "Carnival of Days," given by the Congregational church opened last evening at the new Schmitz block on Calhoun street, and was well attended. The ladies have their rooms handsomely arranged with booths, and offer an inviting program each evening.

The jubilee singers and the dairy maid's drill will be on the boards to-night, and the program for to-morrow and to-morrow night will be equally interesting.

The fair continues for a week and will be a popular place of amusement for all.

LOOK OUT FOR IT!

A Cold Wave Coming--The Rain Will Turn to Snow To-night in This Region.

WASHINGTON, Nov. 27.—For Indiana—Rain, turning into snow Thursday; colder, northwesterly winds.

WASHINGTON, Nov. 27.—The signal office at noon to-day issued the following special weather bulletin. A general storm now prevails over the country east of the Mississippi with gales on the lakes, and a cold wave advancing from the northwest, which will cover the Ohio valley to-night and Thursday.

The rain will turn to snow in western New York, western Pennsylvania, Ohio, and Indiana to-night and Thursday, with decided prospects of interrupting telegraphic communication in these sections and interference with railway travel. These conditions will probably move eastward with possibly increasing severity.

LOCAL ITEMS.

Patriarchal circle will meet to-night.

Mr. A. C. Trentman went to Chicago last night.

Loyal lodge, K. of P., have a regular session to-night.

Miss Mary Randall will give a soiree to-night at the old Standard hall.

Christian Brink, the popular democratic recorder of Marion county, is in the city.

The Sherwood sisters, the Swedish nightingales, with the Davenport Burlesque Co.

Boy's gymnasium class at the City Y. M. C. A. will be in the forenoon Thanksgiving day.

The audience room of the Berry street M. E. church has been most beautifully refitted and refurnished.

The funeral of the late John B. Becquette will take place to-morrow morning at 10 o'clock, from the Cathedral.

The Fort Wayne Electric association met last evening. The organization is composed of members of the electric light works.

Mr. and Mrs. Gabe Knisely, of Columbia City, were in the city yesterday and attended the performance at the Temple last evening.

Emma Rosseau has brought suit in 'Squire Hays' court to replevin household goods from Mary Hadley. The case is set for Friday.

Dr. J. O. Keller has appealed the case in which he is charged with assault and battery on John Housh, a former employe, and the suit will be heard in the circuit court.

Mr. Francis Burgess and his daughter, Miss Bessie Burgess, one of the accomplished teachers in our public schools, left to-day for Danville, Ill., to visit relatives for a few days.

The re-opening of the audience room of the Berry street M. E. church will occur on next Sabbath evening. The presiding Elder Rev. A. E. Mahin will preach both morning and evening.

Mr. Albert Gall, who is in the city with other Indianapolis gentlemen, attending the Scottish Rite meeting, is a candidate for treasurer of state. He is very popular at his home in Indianapolis, and will make a very strong candidate.

The Huntington *Democrat* says: "Mrs. Bapler, of Fort Wayne, is visiting the family of Rev. Hassold.—Yesterday H. J. Ash, of Fort Wayne, came down and purchased Dr. McLin's thoroughbred mare, paying therefor $300. A man is here to-day to take the animal to Fort Wayne."

This morning at 10 o'clock, occurred the marriage of Mr. Joseph Bercot to Miss Mary Sordlet, of Lake township. The ceremony was performed by the Rev. Father Quinland, at the Catholic church of Arcola. Mr. and Mrs. Bercot leave this evening for the east on their wedding trip.

Besides others, the following persons will take part in the program at the evening exercises of the Railroad department of the Y. M. C. A. Thanksgiving: Messrs. Samuel R. Taylor and H. B. Woolsey, in solos, and a male quartet consisting of Messrs. Mahon, Nonnamaker, Hadden and Woolsey will render some selections.

Mr. George Lord, the general agent of the Railway Building and Loan association, has organized a branch of the society in this city, and named the following officers: President, A. H. Carrier; secretary, E. W. Cook; treasurer, R. F. Douglass; attorney, O. N. Heaton; directors, M. G. Stimmel, J. P. Gray and Frank Phiel. The local officers in this city will have a meeting Saturday.

THANKSGIVING DAY.

It Comes With the Morrow and Will Be Appropriately Observed in This City.

The readers of THE SENTINEL do not need to be told that to-morrow is Thanksgiving day. Its annual return is looked for with the ending of November days, and when the president of the United States and governors of the different states designated the 28th day of this month as a day of thanksgiving and prayer to God for the blessings of the year, millions of hearts stood ready to comply with the request and to morrow will be a national Thanksgiving day from ocean to ocean and from the lakes to the gulf.

The day will be observed in this city in an appropriate way. Many of the manufacturing establishments will be closed, and religious services will be held at different churches. THE SENTINEL, in accordance with its custom, will issue no paper, and its employes will join with everybody else in returning thanks for the blessings of life.

Thanksgiving comes to crown a bounteous year;
Let's eat our fill of turkey while it's here.

The history of Thanksgiving day is well known. It was early observed in England and Holland, and when the Pilgrim Fathers landed on American shores they did not forget it. It was observed in Massachusetts as early as 1623, and when the war for our independence closed the American congress at different times designated days for general thanksgiving and in 1850 Thanksgiving proclamations were issued by the governors of eight southern states.

During the war of the rebellion President Lincoln issued proclamations recommending special thanksgivings for victories won in 1862 and 1863, and a national proclamation of annual thanksgiving in 1864. Since that time such a proclamation has been issued annually by the president, as well as by the governors of the various states, and custom has fixed the time as the last Thursday in November.

CHURCH SERVICES.

Thanksgiving services by Pastor Sims at the Christian chapel at 10:30 a. m.

Thanksgiving service at the St. Paul M. E. church to-morrow at 10:30. Dr. C. B. Stemen will preach the sermon.

Union Thanksgiving services of the three Presbyterian churches will be held in the First Presbyterian church at 10 o'clock. Rev. J. M. Boggs will preach.

"Are We a Nation of Fools, or Dangers of Prosperity" is Pastor Northrop's subject of the Thanksgiving sermon at the Baptist church at 10:30 a. m. to-morrow.

Rev. J. L. Lutteral, P. E., will preach in the U. B. church on East Lewis street, at 10:30 a. m. Thanksgiving day. Let everybody come and bring something as a thanks offering and it will be disposed of to the needy poor.

THE ASPHALT CASE.

Judge Frazier Overrules the Demurrers to the Complaint.

This morning in the asphalt case, pending before Judge Frazier, at Columbia City, the judge overruled the demurrer to each paragraph of the complaint.

On the question of notice he held that the decisions of the supreme court were not uniform.

He held that the common council must pass a resolution declaring a necessity for the work.

He held that hereafter the common council must pass an order for the contract of the work.

The court held that the preliminary resolution was correct, and the city and the Barber Asphalt company have plead that the question of notice is immaterial, because all the parties appeared by remonstrance and petition before the common council and that therefore notice was unnecessary and that concurrence in the report of the committee and the making of the contract was a sufficient ordering of the work.

The court has intimated to the plaintiffs that this answer is sufficient. If so, the counsel for the company and the city expect to substantiate it and win the case.

PHOENIX LIKE!

The City of Lynn Will Arise From the Ruins of Her $5,000,000 Fire and Rebuild at Once.

LYNN, Mass., Nov. 27.—The fire, which started here yesterday noon, raged with unabated fury almost until 8 o'clock last evening, when the flames were finally checked. That the flames were stopped is to the credit of Chief Engineer Webber, of Boston, who massed all the engines on Newhall street, and thus put an end to their further spread along the beach.

Prominent manufacturers are of the opinion that the loss will reach $5,000,000. The number of burned buildings was 296, of which forty-two were brick blocks, 112 wooden buildings, used for business purposes, and 142 dwellings occupied by 164 families. The number of laboring people thrown out of work is estimated at 8,000. The work of rebuilding will be commenced at once. The families deprived of homes are being carried for by the associated charities.

ABOUT $75,000!

City Treasurer Sosenheimer Receives Nearly That Amount in Taxes.

City Treasurer C. J. Sosenheimer has received during his regime about $75,000, the exact aomut being hard to ascertain at present. The figures will be known when the treasurer's report is tendered to the council, which will be at the first meeting in December. This amount Mr. Sosenheimer says has been decreased by a considerable drain on the treasury.

The finance committee will appropriate to the several funds at their next meeting.

Mr. Sosenheimer will not, as a rule, collect taxes until about January 1, and all taxes are now collected with penalty.

Deputy Lawrence Bittinger is placing the books in shape during the interval.

NEARING AN END.

The Rainbow Festival Closes To-Morrow Afternoon.

The festival and fair of the Second Presbyterian church will close to-morrow. A grand dinner will be served from 11 a. m. until 2 p. m., when a reception will be given and a large crowd is expected.

Reineke's orchestra No. 1 will furnish the music and other features will make the afternoon's program an interesting one. The articles in the various booth's which have not been sold up to that time will be disposed of at auction. Go and witness the sale and the closing exercises.

The Cronin Case.

CHICAGO, Nov. 27.—The argument of the Cronin murder case will begin Friday morning. Luther Laflin Mills will make the last speech for the state. The speeches will occupy about eight days. That would send the case to the jury a week from Saturday night.

LOCAL LINES.

John Doyle and Mary Strader have been licensed to wed.

The county institute will close this evening, with a lecture by Col. R. S. Robertson.

Mrs. Adams, wife of Dr. J. H. Adams, left last night for the east on a two weeks' visit with relatives.

Just thirty-nine years ago to-day Mr. James Fox, the contractor, was wedded, and himself and wife will celebrate the occasion to-night.

Joseph Golden, an apprentice at the Wabash boiler shop and residing at 38 Melita street, had his left eye badly injured to-day. A metal substance imbedded itself in the organ.

Mr. Ed. Logan, manager of May Davenport's Burlesque and Gaiety company, which appears at the Temple to-night, made THE SENTINEL a pleasant call to-day. Mr. Logan will be remembered by many as a Fort Wayne boy.

The ladies of the Congregational church serve the Scottish Rite Masons with supper at the Masonic Temple this evening. They also served them with a a banquet dinner to day. The meal was magnificent and the Masons speak in the highest praise of the "quality and quantity."

Mr. Joseph Storm, while in favor of asphalt pavement, says that he is not circulating a petition in favor of the same on West Washington street, as some one informed a SENTINEL reporter yesterday. The petition is being circulated, however, and fifty-four names have been secured.

Special sale of all Millinery Goods this week only at W. Malloy's, 18 Calhoun St.

AN ANNIVERSARY.

The St. Bernard Sir Knights Arranging for a Celebration.

In accordance with the wishes of St. Bernard branch, Catholic Knights of America, a committee, previously appointed, met at Dr. J. M. Dinnen's office last night to arrange for observing the anniversary of the establishment of that order in this city.

Mr. T. B. Hedekin presided at the meeting, Mr. A. F. Glutting was secretary and Mr. James Woulfe, treasurer. It was decided to give a banquet at Library hall, January 8, and Messrs. M. F. Belger, Patrick Ryan and A. F. Glutting were appointed a committee to arrange for it.

Messrs. James Fox and Patrick Ryan will have charge of the admissions and Messrs. Dennis Monahan, Louis Fox and D. J. Reilly will arrange for the music.

A committe on invitation consisting of T. B. Hedekin, Louis Fox, H. C. Berghoff, A. C. Trentman, James Woulfe and A. J. Moynihan, was appointed and another meeting will be held next Tuesday evening.

IN MEMORIAM.

Honor to the Memory of the Late Father O'Leary.

HALL OF SAINT JULIAN COUNCIL, C. B. L.
FORT WAYNE, Nov. 25, 1889.

God in his wise providence has called to his eternal home, our respected and beloved spiritual director, Rev. T. M. O'Leary. The summons came somewhat suddenly on Thursday, Oct. 24, 1889, at the Episcopal residence on Clinton street. On his death bed he was surrounded and cheered by his bishop and priests of the Episcopal household. The call found him prepared. He received the sacraments and all the consolations of the church.

Although not yet very old at the time of his death—being only thirty-seven years old—he did much in his brief life by word and example, and heroic acts of true charity to prove his strong faith, and fulfill his priestly mission, ever faithful in the performance of his sacred duties as a model priest.

Sunshine or storm always found him zealously at work. He had always a pleasant smile for the troubled and oppressed. With his influence and limited means he was interested in, and helped in every charitable and good work for the church, or a needy or suffering neighbor.

A love of truth and an aversion for anything savoring of deceit and its usual attendant hypocrisy, he was, indeed, quick to discern the want of this Christian characteristic, but exceedingly slow to judge or censure.

Father O'Leary was of a generous and childlike nature. He fully exemplified the practical Christian life of a devoted and zealous priest of God.

In his death the Catholic Benevolent Legion has lost a warm advocate, Saint Julian Council a kind and steadfast friend, prudent director and councellor. His presence brought sunshine and encouragement to council meetings.

While we miss his genial presence, we have the hope and assurance that he now enjoys that eternal happiness in heaven which he so eminently merited for his good works on earth in the service of his God.

May God have mercy on his soul.

CATARRH,

Catarrhal, Deafness--Hay Fever--A New Home Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N. B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent free on receipt of stamp to pay postage, by A. H. Dixon & Son, 337 and 339 West King street, Toronto, Canada.—*Christian Advocate.*

Sufferers from Catarrhal troubles should carefully read the above.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

Your committee on streets and alleys respectfully report:

1. In the matter of the petition of Messrs. Beach and Evans, asking that the city restore the grade of their alley, which petition was referred to your committee and on account of which the estimate for grading said alley was also referred, we are informed by the city engineer that the grading was done in accordance to a proper grade given by him, we therefore recommend that the estimate be allowed. Your committee are of the opinion that a freight warfation from a proper grade would have done no harm and would have been a great accommodation to Mr. Beach by way of giving him access to his stable from the alley. As graded he is deprived from the use of the alley as access to his stable, his stable being located high on account of the lot and alley being high ground when the stable was built. We therefore recommend that the street commissioner be instructed to fill the alley at the entrance of Mr. Beach's stable in a manner to give entrance to the stable, with a gradual grade so as not in any way to obstruct the safe and easy use of said alley.

2. In the matter of the report of city engineer recommending the condemnation of a seven foot strip of land off of the south side of High street, in Pape's and Gerken's additions, and the vacation of ten feet of the street on the north side of High street, in Ewing's out lots, your committee is of the opinion that High street should be made of uniform width from Wells street to the feeder canal, by condemning a strip of land off of Pape's first and Gerken's additions, and to vacate a strip off both sides of High street, through Ewing's outlots to Saint Mary's avenue. If the councilmen of the Ninth ward will offer a resolution to call out the city commissioners for the purpose of vacating and condemning the necessary land to make High street uniform in width your committee would recommend its adoption.

3. The matter of the resolution of Councilman Halber to instruct the street commissioner to grade Oakland avenue where it crosses Spring street and Hoffman street, we report that Oakland avenue has never been graded. Since Spring street has been graded, the cut is so deep that people cannot drive a wagon or walk from Oakland avenue to Spring street, therefore, we recommend for the safety of the public, although it is contrary to the rule of this council to grade streets at the expense of the city, that the street commissioner be instructed to cut Oakland avenue at Spring street, as much as will be necessary to admit of the use of the avenue from Spring street.

4. We recommend that the resolution of Councilman Vordermark to grade and pave the sidewalk on Gay street, be referred back to him to hold until public work shall commence next season. This council adopted a resolution stopping all unnecessary public work for this season. It is now too late to construct walks.

5. The bill of the Fleming Manufacturing company amounting to $6.50 for furnishing a new knife for a road scraper, we recommend that $5.00 be allowed, which is the amount heretofore paid for knives, and the street commissioner had not been informed when he ordered the knife that the price would be changed.

6. In favor of the petition of C. Ferd Pletz to allow him to put down a crossing at his expense and under the supervision of the street commissioner on Lafayette street between Holman and Montgomery streets.

7. We have seen W. H. Harrison concerning signs which he omitted to put up on several street corners, as reported by the city marshal. He promises to put them up immediately and when done his contract will be completed.

REPORT OF COMMITTEE ON PAINTING.

We, your committee on printing, to whom was referred the proposals to do the city printing for the ensuing year, respectfully report herewith a contract with the Journal company, it being the lowest and best bidder. The contract does not include printing or publishing matter for which the city is not liable. Inasmuch as the law provides that the parties interested shall pay for such notices, and we did not include the printing of the annual reports of the water works trustees, inasmuch as the law gives them the authority to make their own contracts. We recommend that the contract as reported be approved because the price asked for such printing is $1.363 less than for the past year, and because the work of said company has always been satisfactorily performed for said city.

REPORT OF FIRE COMMISSIONERS.

Your fire commissioners to whom was referred the bids for lots for the location of fire engine houses in the Eighth, Ninth and Fifth wards, would report as follows:

1. We recommend the extreme east end of the Hayden park as the best location for that purpose in the Eighth ward, the cost for same to the city being nothing.

2. We still have the locations in the Fifth and Ninth wards under advisement and cannot make our report on same till after a conference with the owners or agents of lots that we deem advisable for said purpose. We would therefore ask for further time in these two cases.

REPORT OF COMMITTEE ON STREETS AND CITY ATTORNEY.

We your committee on streets and city attorney, in the matters referred to us, respectfully report:

1. Relating to the report of the civil engineer and the petition of Contractor Horstman in reference to estimate for sidewalks on Lafayette street, we find that said estimate is correct and for the proper amount. As to the recommendation of the engineer, that the estimate be withheld, because the contractor disposed of some of the earth belonging to the property owners we report that if the engineer or street commissioner did not order any disposition of the earth, which the contractor refused to make, the question of what became of the earth is immaterial to the council. If the contractor built the sidewalk strictly according to the contract it is no excuse to the council, in refusing an estimate, to base the same upon the ground that the contractor committed an assault and battery, cut a clothes line or stole some earth in doing the work. If the engineer thought the estimate should have been with-held he should not have reported it to the council. We therefore recommend that the estimate be granted.

2. With reference to the street commissioner's report relating to the conditions of the streets and alleys as left by the Salamonie Gas and Mining Co. and the necessary steps for their repair, report that the attorney has caused the proper notice to be served, a copy of which is herewith attached.

REPORT OF COMMITTEE ON ASSESSMENT AND TAXES, ASSESSOR AND CITY ATTORNEY.

We, your committee on assessment and taxes, assessor and city attorney, on matters referred to us respectfully report as follows:

1. In the matter of the petition of Helmkamp & Co., we find that the law authorizes such rebate, and, therefore, upon petitioners filing the affidavis required by statute showing such loss, that the same was occasioned by casualty and the absence of insurance on the said property, that he be granted a refunder for the sum of $12.05.

2. In the matter of petition of Maurice Cody praying for a refunder of ten dollars we report favorably because the assessor's plat-sheet shows the improvements to have been assessed at $700, and that in making the transfer therefrom to the assessor's book, by a clerical error, the same was placed at $1,700, wherefore we recommend a refunder for ten dollars, being the amount to which he is justly entitled.

3. In the matter of the petition of Herman Hartwig, esq., we find that he purchased the property at administrator's sale, and at the time a lien existed thereon for tax on improvements, when, in fact, there were no improvements on said part of lot. This erroneous tax was paid by Mr. Hartwig without knowledge of the mistake. We, therefore, recommend that he be granted a refunder for the amount asked, viz., $8.25, and we further recommend that the clerk issue proper notice to the owner of said improvements, that he must pay the tax thereon.

REPORT OF SPECIAL COMMITTEE ON CIVIL ENGINEER'S RESIGNATION.

We your special committee to whom was referred the subject of the civil engineer's resignation, respectfully report that we have given the subject careful consideration. We find that in the past there has been omissions and neglect of duty in this office that are incompatible with a faithful discharge of official duty. In the opinion of your committee a city officer owes to the city the same faithful service that would be exacted by a private employe, a railroad company or other corporation. Whatever duty is lawfully put upon him must be discharged, or this council must know from such officer why it is not.

A great amount of of labor has been done in the engineer's department this year and some has been neglected, amongst this work was the Asphalt paving of Wayne street, costing about $50,000. It now appears to have been well and skilfully constructed. All of this pavement must be estimated by apportioning the work according to law and facts. No two assessments, at any rate very few, will be alike. The credits to property holders for work done, the credits for curb standing are alone known to the present engineer. He alone knows and has the field notes showing the amount of grading, cut or fill, and he alone knows and can certify thruthfully and lawfully as to whether or not the work has been done according to the plans and specifications. This work will have to be estimated within the next thirty days. Besides, by reason of the close of the season and the substantial ending within thirty days of the outdoor work upon public improvement, the officer will be allowed to do office work almost wholly. He will be enabled to be at his office daily during all business hours.

Expecting that no neglect of official duty will hereafter take place; that the Asphalt paving estimate will be promptly and properly prepared and that with the ending of out door work for the season, that the officer will be found at his office for the discharge of all his duties, and that he will attend council meetings, we recommend that the resignation in the hands of the mayor, called for by the council, be returned to his honor, and that further proceedings thereon be suspended.

REPORT OF CHIEF OF FIRE DEPARTMENT.

I wish to call your attention to the necessity of additional hydrant service at the Fort Wayne Electric Light works on Broadway. Owing to the distance from the Broadway hydrants to the east side of the the works long lines of hose must be laid, thereby lessening the pressure of the streams. If the hydrants were more numerous double the number of lines could be laid, and the streams would be more effective in case of fire. We have at present but two hydrants to work from and they are on Broadway. There should be about six hydrants to take care of a building as large as the Electric Light works, and I would recommend to run a water main to the east side of the works, with necessary hydrants.

Chief of Fire Department.

Four-foot brick sidewalk on the north side of Fifth street, from Wells street to North Calhoun street.

Grading Spring street, from St. Marys avenue to Sherman street.

Grading Eliza street, from Francis to the east line of lot 97 Eliza Hanna, sr.'s, addition.

Grading Harmer street, from Hugh street to Hayden street.

Relaying cobble stone gutters on the north side of Main street, from Harrison street to Ewing street.

Paving with cobble stone the gutters on the west side of Harrison street, from Superior street to the New York, Chicago & St. Louis railway.

Grading the alley between Main street and Berry street, from Lafayette street to Clay street.

Four-foot brick sidewalks on both sides of College street, from the Pittsburg, Ft. Wayne & Chicago railway to Stophlet street.

Five-foot brick sidewalk on the north side of Horace street, from John street to Gay street.

Five-foot brick sidewalks on the west side of Smith street, from Samuel street to the south line of lot 26, Bass & Hanna's addition.

30-inch single-ring brick sewer and an 18-inch clay pipe sewer on Clinton street, from DeWald street to the alley between Pontiac street and Leith street.

15-inch clay pipe sewer in the alley between Pontiac street and Leith street, from the 18-inch sewer in said alley to the first alley east of Calhoun street.

15-inch clay pipe sewer in the alley between Tabor street and Suttenfield street, from Clinton street to the first alley east of Calhoun street.

15-inch clay pipe sewer in the alley between DeWald street and Creighton avenue, from Clinton street to the first alley east of Calhoun street.

An Awful Sore Limb

Skin entirely gone. Flesh a mass of disease. Leg diminished one third in size. Condition hopeless. Cured by the Cuticura Remedies in two months.

Cured by Cuticura.

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your Cuticura Remedies, and the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified, and the bone (which had been exposed for over a year) got sound. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as it ever was, sound in every respect, and not a sign of the disease to be seen. S. G. AHERN,

Do not be imposed on by any of the numerous imitations, substitutes, etc., which are flooding the world. There is only one Swift's Specific, and there is nothing like it. Our remedy contains no Mercury, Potash, Arsenic, or any poisonous substance whatever. It builds up the general health from the first dose, and has never failed to eradicate contagious blood poison and its effects from the system. Be sure to get the genuine. Send your address for our Treatise on Blood and Skin Diseases, which will be mailed free. SWIFT SPECIFIC CO., Atlanta, Ga.

Children always Enjoy It.

SCOTT'S EMULSION

of pure Cod Liver Oil with Hypophosphites of Lime and Soda is almost as palatable as milk. Children enjoy it rather than otherwise. A MARVELLOUS FLESH PRODUCER it is indeed, and the little lads and lassies who take cold easily, may be fortified against a cough that might prove serious, by taking Scott's Emulsion after their meals during the winter season.

Beware of substitutions and imitations.

IT CONFORMS TO SHAPE OF FOOT

If you want PERFECTION in fit, with freedom from CORNS and ALL DISCOMFORT you will always wear the BURT & PACKARD SHOE. It is acknowledged as the most comfortable, the best wearing and most stylish gentlemen's shoe made in the world.

Don't spoil your feet by wearing cheap shoes. The BURT & PACKARD SHOE costs no more than any other fine shoe, though none approach it in value.

All styles in Hand-made, Hand-welt, and Burt-welt; also BOYS' and YOUTHS'. If not sold by your dealer send his name and your address to PACKARD & FIELD, (suc. to Burt & Packard) Brockton, Mass. Sold by

THE BUSY HUM

Will Be Hushed in Some of the Manufactories of the City To-morrow--To-day's Budget.

The railroads leading through Fort Wayne will do business as usual to-morrow. The iron horse has no love for the Thanksgiving turkey, and will not rest from its weary labors to give thanks. Many of the railroad men will eat their Thanksgiving fowl at their boarding places along their route, for they will remain on duty as usual, with the exception of some of the freight crews, who may be able to get off.

Reduced passenger rates for Thanksgiving travel are given on the Nickel Plate and the Muncie routes, but the other railroads will charge regular fares.

Many of the manufacturing establishlishments of the city will be closed, among which will be the Pittsburg shops and the Olds works. The great Bass works will run as usual, although such of the men as desire to get off can do so, the privilege being given them to work or not as they may decide.

The reason the Bass works do not shut down is that business is rushing just at the present time, and the firm have several large orders which must be got out as soon as possible. "I had thought yesterday," said Supt. Pickard this morning, "that we would be able to close down, but we have large orders from locomotive works, the Electric Light company, and from other firms which must be filled and we could not, in justice to our customers close, but the men are given the privilege of working or not, as they choose."

THE GOSSIP OF THE DAY.

Harry Gilbert, of the Jenney works, is on the sick list.

John Roop, of the Pittsburg blacksmith shops, is off duty to-day.

C. E. Baker, of the Jenney works, went to Kendallville to-day to spend Thanksgiving.

Cas McGraw and Mart Wilson, of the electric works, have become members of the Knights of Pythias.

M. Morey, of the Jenney works, had one of his fingers mashed yesterday while working around the machinery.

John Kampheus, of the Bass blacksmith shops, had his fingers mashed yesterday and is off duty for a few days.

J. B. Gruber and M. Huntine, of the Kerry Murray works, left for Creston, Iowa, last evening, to do work for the company.

Michael Carey, of the Pittsburg blacksmith shops, had his fingers mashed yesterday and is off duty in consequence.

Col. Dodge, parlor car conductor on the Grand Rapids and Indiana, was the guest of Prof. Ed Cartwright and wife over Sunday.

During the last few days workmen have been putting a roof on the building in which the Pittsburg machine shop and some of the offices of the officials of the company are located, and last night when the storm came a large portion of the building was uncovered. The result was that the rain and snow played havoc and the water came through into the offices and shops and did considerable damage. Assistant Master Mechanic Steward had several new drawings almost completely ruined.

SALOONS DRIVEN OUT.

The Citizens of Fairland, Ind., Solve the Liquor Problem by Banishing the Saloons.

FAIRLAND, Ind., Nov. 27.—A few days ago Mr. and Mrs. Gebhart, living several miles from this place, came to town and found their son in a beastly state of intoxication. They at once notified the saloon-keepers not to sell him any more intoxicants. Friday night they came in again and caught their son drinking beer. Mrs. Gebhart took the glass from him and dashed the contents of the glass in the bartender's face, and while he was wiping his eyes she broke the glass over his head, inflicting quite a deep gash in his forehead.

On hearing of the circumstances the citizens were so incensed that it required considerable effort on the part of cooler-headed people to prevent a general uprising that would have demolished the saloons by force. A committee was appointed to wait upon the the saloon-keepers and request them at once to retire from the business, and they were given three days in which to answer.

At the end they have agreed to stop the sale of intoxicants and close up all their business affairs here by December 1. The citizens have raised a fund and bound themselves to never again allow a saloon to exist in the town.

JEFFERSONVILLE'S SCHOOLS

Will be Left in the Lurch by Treasurer Ingraham's Defalcation.

JEFFERSONVILLE, Ind., Nov. 26.—The county commissioners last evening instructed the county attorney to bring suit against Col. John Ingraham and his surety for any funds in his possession. Ingraham has been treasurer of the city school board for fifteen years and his integrity was undoubted. He retired three weeks ago. He borrowed money four years ago to build the high school, claiming he had $20,000 at his command, but it is claimed he was really short nearly that amount. The school fund will probably be compelled to suffer the loss, as none of Ingraham's sureties are thought to be solvent.

BUFFALO, N. Y., Nov. 26.—Another big find of natural gas was made here yesterday. Mr. George Rochdvel, the brewer, put down a well yesterday. At the depth of 965 feet, a flow was struck that will give at least a half million feet of gas every twenty-four hours. Mr. Mr. Rochevel has arranged to pipe the gas for domestic and manufacturing purposes throughout the city.

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

California Excursions.

The Wabash railroad is now prepared to sell for the coming season round trip tourist tickets to all principal Pacific coast points, giving a wide choice of routes both going and returning, and an extreme return limit of six months. Stop-overs granted at pleasure, west of the Missouri river. Parties contemplating a journey to sunny California—with a view of spending the winter there—will do well to call at the Wabash ticket office and learn the many advantages offered by the great through car route.

A COUNTERFEITER IN CUSTODY.

And Fort Wayne Witnesses Must Go to Indianapolis.

Subpœnas are being served on the merchants in this city who were victimized by the slick counterfeiter who a few months ago passed between ten and fifteen ten-dollar bills in this city.

The man's name is not known but the detective who worked the case now has his man safely behind the bars.

Mr. Frank Smead, of the Union Pacific Tea house was the first man subpœnaed and later his wife was served with a writ. The latter was acting as cashier at the time the bill was taken in.

Others will have to go to the capital to render testimony and identify the man now held on the charge.

It is claimed that the prisoner has been associated with others who together passed last summer about $25,000 of the counterfeit stuff in their travels.

I suffered with rheumatism in the shoulder for months and the only thing I found that did me any good was Salvation Oil. It cured me, and I recommend it to all sufferers with said disease. N. ULMAN,
1 Pearl st., Baltimore, Md.

A lady who has suffered for over three months extreme torture from a violent cough has become completely cured by Dr. Bull's Cough Syrup.

By a mistake a Norristown liveryman sent a horse and carriage to a house of mourning a day ahead of the funeral.

Bright teeth and lips that glow the while,
Give light and color to a smile;
And, infinitely more than this,
Give light and color to a kiss.
But both must suffer from the want
Of the life-giving SOZODONT.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

Pond's Extract Co. "For several years I have used and recommended in my practice Pond's Extract, and think I can say that I have used it with success, certainly with satisfaction to my patients. It excels anything of the kind I have ever used for Neuralgia, Bleeding Piles, and Hemorrhages." W. H. FAULKNER, M. D.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

Is a constitutional and not a local disease, and therefore it cannot be cured by local applications. It requires a constitutional remedy like Hood's Sarsaparilla, which, working through the blood, eradicates the impurity which causes and promotes the disease, and effects a permanent cure. Thousands of people testify to the success of Hood's Sarsaparilla as a remedy for catarrh when other preparations had failed. Hood's Sarsaparilla also builds up the whole system, and makes you feel renewed in health and strength.

"I used Hood's Sarsaparilla for catarrh, and received great relief and benefit from it. The catarrh was very disagreeable, especially in the winter, causing constant discharge from my nose, ringing noises in my ears, and pains in the back of my head. The effect to clear my head in the morning by hawking and spitting was painful. Hood's Sarsaparilla gave me relief immediately, while in time I was entirely cured. I think Hood's Sarsaparilla is worth its weight in gold." MRS. G. B. GIBB, 1029 Eighth Street, N. W., Washington, D. C.

The St. Peter's Catholic fair is a grand success. Owing to the immense crowd last evening the goods were not all lotteried off and the fair will continue to-night. The cane contest last night resulted in favor of John Zern, the vote standing as follows: John Zern, 3,299½; F. Delagrange, 2,737; Peter Offenloch, 546. The amount realized from the contest was $648.45.

To enumerate the times James S. Moffit has flung his mimic hook and line into the metaphorical waves of the painted Atlantic in "Evangeline," would make a blonde and curly headed school boy gray-headed. Mr. Moffit was the original in the part many, many years ago, and "Evangeline" without him would be worse than "Hamlet" with Hamlet himself left out.

A Terre Haute paper says: "Miss Graham, of Fort Wayne, who is attending the normal, sang two beautiful solos at the Congregational church social Thursday evening. This was her introductory appearance before Terre Haute people, and her reception was quite flattering." Miss Maud Graham is the daughter of Mr. and Mrs. James E. Graham and is the only pupil at the normal from this city.

The Three River Rod and Reel club will give its first annual ball to-night at Arion hall. About 200 tickets have been sold. The committees are as follows: Arrangement committee, Gottlieb Steup, Fred J. Bernhardt, George Brenner; floor managers, William Stellhorn, D. W. Kane, Charles Rekers, Fred J. Berdhardt, Herman Schwieters; reception committe, Charles Thieme, Fred Hoffer, Henry Miller.

Last evening the junior department of the City Y. M. C. A., the members of which consist of boys from ten to sixteen years of age, was opened and the following program, after the opening address, was rendered: Piano solo, Miss Bessie Cherry; address, Mr. D. F. Bower; violin sutetto, conservatory boys; address, Mr. E. F. Gage; violin solo, Miss Rosa French; presentation address, D. W. Souder, chairman; response, Mrs. J. O. Keller. Upon the completion of the program the entire company visited the rooms of the new department. Refreshments were served consisting of cake, bananas and chocolate, and about fifty boys sat down at the table.

COUNCIL PROCEEDINGS.

(*Continued From Second Page.*)

They have burnt twelve lightning arresters in different boxes. Seven of them must be replaced by new ones, and also destroying other parts of the boxes. Our system consists of four circuits. The electric light wires have of late come in contact with all of them but one circuit. Now, I wish to state to your honorable body that this trouble is no fault on our side. We keep our wires in first-class condition, and some action should be taken soon to prevent the electric light company from running their wires to the fire alarm wires as close as they have been in the habit of running them. If that is not done our fine system of fire alarm will be ruined in a short time.

HENRY HILBRECHT,
Chief of Fire Department.

Referred to fire commissioners and attorney with power to act.

REPORT OF CITY CIVIL ENGINEER.

In the matter of the petition of K. J. Bauer and the report of the street commissioner in reference thereto, on the obstruction of Lucas street by the erection of part of the city pound thereon, I respectfully report that I have surveyed the premises referred to and find that Samuel Hanna, in laying out his addition, dedicated an alley from Calhoun to Harrison street, between lots 573 and 577 (north of the county jail lot), and named the same Locust alley, said alley being 40 feet wide at Calhoun street and 22 feet wide at Harrison street. The city, in constructing the pound or crackery, placed the same so as to cover the entire width of said alley at Calhoun street.

I can suggest no other remedy than to have said obstructions removed, if Mr. Bauer insists on it.

C. S. BRACKENRIDGE,
City Civil Engineer.

Referred to committee on streets.

THE British War Office has ordered the deputy adjutant generals of the military districts of Canada to at once report upon all facilities for the transportation of troops from one part of the country to another. The order is unexpected and causes some excitement. It is assumed that England will strongly garrison new fortifications on the Pacific coast.

HELD FOR MURDER!

It is Believed That Farmer Thomas Davidson Was Murdered by His Nephew.

"Is it murder?"

Such a question was propounded in tones akin to awe to-day when the fact became known of the arrest and incarceration in the county jail of young Thomas Davidson, on suspicion of having killed his uncle, a well-to-do farmer of Lake township, who was found dead in his barn Monday morning.

Thomas Davidson, the deceased, was an old and respected resident of Lake township, this county. He was about seventy-five years old..

He had neither wife nor children and when his nephew, Thomas Davidson, a young man, returned from the west about a year ago, the old man welcomed him into his home with the kindness that he would have extended to a son.

Among other things the old man conveyed to his nephew by deed an eighty-acre farm situated two and one-half miles north of Arcola. Time wrought changes. The headstrong nephew did no seem to get along with his gray-haired uncle. Differences arose between them and the younger Davidson left and went to the farm of Wallace Madden, near by, where he procured employment.

While there he asserted his rights to the property deeded him, even going so far as to charge his uncle with driving him from the premises.

These circumstances in brief, connected with

FINDING THE BODY,

led to the arrest of young Davidson. The body of the old man was found Monday forenoon in the barn, not far from the farm-house. The body was lying within three feet of the horses' heels, as if to convey an impression to the discoverer that death was caused by being kicked. The corpse reposed on its side, with no descernible marks of violence.

Coroner Kessler, of this city, was summoned and later Prosecutor Robinson, Sheriff Viberg and Deputy Tom Wilkinson drove out to the scene.

The coroner, upon examination, found three ribs in the old man's body fractured, although there was no outward indication of any blow or kick from a horse.

The sheriff and his deputy found faint impressions of finger marks, as they believed, upon the neck, as though somebody had resorted to choking the old man to get him out of the way. The evidence led the officers to suspect the man who is now in the custody of the sheriff.

YOUNG DAVIDSON'S TESTIMONY.

At the inquest, before the arrest, young Davidson testified that he was at Mr. Madden's house Sunday evening,

Mrs. Madden and Mrs. Hire previously testified that Davidson was not at the Madden house after 3 o'clock Sunday afternoon until 10 o'clock at night.

Davidson also testified that he ate supper at the Madden house.

The young man continued until he had contradicted himself several times, when he was arrested.

Old man Davidson was last seen about the farmhouse Sunday, shortly after dinner.

THE PRISONER.

A SENTINEL reporter visited the jail early this morning and was ushered by Turnkey Lindley into the murderer's ward, where he soon came face to face with the prisoner.

Young Davidson has just passed his twenty-eighth year. His dark hair and mustache and a glass eye give him anything but an inviting expression. His appearance was uncouth, and he had a morose air about him when approached by the reporter.

The prisoner is an unmarried man.

"I don't want to be interviewed," he growled, as he slammed a knife and fork down on a plate, after having eaten a light breakfast.

"Don't you want to deny anything, or say a few words that might vindicate you in the eyes of the public, who now believe you to be a murderer?"

"I don't want to say anything. I don't see why they should lock me up."

The prisoner could not be urged to say another word.

OFF TO ARCOLA.

Shortly after 9 o'clock a vehicle appeared at the jail and shortly afterward Sheriff Viberg and Deputy Sheriffs Wilkinson and Black, with the prisoner in custody, were off for Arcola.

The object of the trip to Arcola was to have the prisoner go to those places where he claimed to have been at certain times, and ascertain if any of his statements prove true.

DAMAGING CIRCUMSTANCES.

A SENTINEL reporter, hearing that Wm. J. Barr, the grocer, was intimately acquainted with the deceased Davidson, called at the store on West Main street for an interview. The proprietor was absent, having gone to Arcola to inquire after some business affairs in which he had been interested with the old man, but James Barr, a brother, was willing to talk. He said:

"Yes, old man Davidson and my father came from Ireland to this country together. They used to be old cronies."

"Have you ever heard the old man talk about his nephew?"

"Yes, it was not long ago he was in the store talking about him. He said that his nephew had threatened him and he said he was in fear that some time violence would be done him."

"Did he ever say that any violence had been done him?" the reporter asked.

"Yes he stated that at one time after he deeded the property he was taking wood from the premises when the nephew ordered him to get out and thrust him off the premises."

CORONER KESSLER

was interviewed and he said:

"Davidson gave very contradictory evidence. At one time he said he was fishing in Eel River township; again that he was in bed at a certain hour, which was proven false; at another time he told Sheriff Viberg another story. It is plain that the man acts as if there was guilt attached to him."

THE DEED.

The deed to the property, which cuts such a prominent figure in the bloody chapter, reads as follows:

"This indenture witnesseth that Thomas Davidson (widower) in consideration of $100 and support to him paid by Thomas Davidson, nephew of above grantor, and son of James Davidson, the receipt whereof is hereby ackowledged, does grant, bargain, sell and convey to the said Thomas Davidson, his heirs and assigns forever, the following real estate in Allen county and state of Indiana, described to-wit:

The east half of the northeast quarter of section 30, township 31; north range, 11 east, containing 80 acres according to government survey.

It is hereby understood between the parties above mentioned that the support of the grantor during his lifetime by the grantee is the consideration of this conveyance, and upon failure to support properly said grantor this deed will be null and void. . . .

Personally appeared before me, the subscriber, a notary public, in and for said county, Thomas Davidson, the grantor in the above conveyance, and acknowledged the same to be his voluntary act and deed for uses and purposes therein mentioned.

Witness my hand and notarial seal this 25th day of October, 1888.

[NOTARY SEAL.]

JOHN C. HELLER, Notary Public.

Recorded October 26, 1888.

M. M. THOMPSON, Recorder Allen County.

There still remains another eighty acres in the old man's name.

THE OUTCOME.

What will it be? The web of guilt is weaving itself around Thomas Davidson. His conflicting stories about his whereabouts upon the night when it is supposed the murder was committed, the threats he made against his aged uncle and the general circumstances tend to work against the prisoner. A trial in the Allen circuit court on the charge of murder in the first degree will no doubt be the outcome of this alleged crime; and if the prisoner is found guilty he will probably pay the penalty on the gallows.

THE CAUSE.

If young Davidson committed the murder his object was to prevent his uncle from revoking the deed to the land, for which purpose proceedings were entered by the deceased before a justice of the peace at Arcola.

The case had been appealed to the superior court of Allen county, where it now is awaiting trial.

CARNIVAL OF DAYS.

A Brilliant Event Inaugurated at the New Schmitz Block.

The "Carnival of Days," given by the Congregational church opened last evening at the new Schmitz block on Calhoun street, and was well attended. The ladies have their rooms handsomely arranged with booths, and offer an inviting program each evening.

The jubilee singers and the dairy maid's drill will be on the boards to-night, and the program for to-morrow and to-morrow night will be equally interesting.

The fair continues for a week and will be a popular place of amusement for all.

LOOK OUT FOR IT!

A Cold Wave Coming--The Rain Will Turn to Snow To-night in This Region.

WASHINGTON, Nov. 27.—For Indiana—Rain, turning into snow Thursday; colder, northwesterly winds.

WASHINGTON, Nov. 27.—The signal office at noon to-day issued the following special weather bulletin. A general storm now prevails over the country east of the Mississippi with gales on the lakes, and a cold wave advancing from the northwest, which will cover the Ohio valley to-night and Thursday.

The rain will turn to snow in western New York, western Pennsylvania, Ohio, and Indiana to-night and Thursday, with decided prospects of interrupting telegraphic communication in these sections and interference with railway travel. These conditions will probably move eastward with possibly increasing severity.

LOCAL ITEMS.

Patriarchal circle will meet to-night.

Mr. A. C. Trentman went to Chicago last night.

Loyal lodge, K. of P., have a regular session to-night.

Miss Mary Randall will give a soiree to-night at the old Standard hall.

Christian Brink, the popular democratic recorder of Marion county, is in the city.

The Sherwood sisters, the Swedish nightingales, with the Davenport Burlesque Co.

Boy's gymnasium class at the City Y. M. C. A. will be in the forenoon Thanksgiving day.

The audience room of the Berry street M. E. church has been most beautifully refitted and refurnished.

The funeral of the late John B. Becquette will take place to-morrow morning at 10 o'clock, from the Cathedral.

The Fort Wayne Electric association met last evening. The organization is composed of members of the electric light works.

Mr. and Mrs. Gabe Knisely, of Columbia City, were in the city yesterday and attended the performance at the Temple last evening.

Emma Rosseau has brought suit in 'Squire Hays' court to replevin household goods from Mary Hadley. The case is set for Friday.

Dr. J. O. Keller has appealed the case in which he is charged with assault and battery on John Housh, a former employe, and the suit will be heard in the circuit court.

Mr. Francis Burgess and his daughter, Miss Bessie Burgess, one of the accomplished teachers in our public schools, left to-day for Danville, Ill., to visit relatives for a few days.

The re-opening of the audience room of the Berry street M. E. church will occur on next Sabbath evening. The presiding Elder Rev. A. E. Mahin will preach both morning and evening.

Mr. Albert Gall, who is in the city with other Indianapolis gentlemen, attending the Scottish Rite meeting, is a candidate for treasurer of state. He is very popular at his home in Indianapolis, and will make a very strong candidate.

The Huntington *Democrat* says: "Mrs. Bapler, of Fort Wayne, is visiting the family of Rev. Hassold.—Yesterday H. J. Ash, of Fort Wayne, came down and purchased Dr. McLin's thoroughbred mare, paying therefor $300. A man is here to-day to take the animal to Fort Wayne."

This morning at 10 o'clock, occurred the marriage of Mr. Joseph Bercot to Miss Mary Sordlet, of Lake township. The ceremony was performed by the Rev. Father Quinland, at the Catholic church of Arcola. Mr. and Mrs. Bercot leave this evening for the east on their wedding trip.

Besides others, the following persons will take part in the program at the evening exercises of the Railroad department of the Y. M. C. A. Thanksgiving: Messrs. Samuel R. Taylor and H. B. Woolsey, in solos, and a male quartet consisting of Messrs. Mahon, Nonnamaker, Hadden and Woolsey will render some selections.

Mr. George Lord, the general agent of the Railway Building and Loan association, has organized a branch of the society in this city, and named the following officers: President, A. H. Carrier; secretary, E. W. Cook; treasurer, R. F. Douglass; attorney, O. K. Henton; directors, M. G. Stimmel, J. P. Gray and Frank Phiel. The local officers in this city will have a meeting Saturday.

THANKSGIVING DAY.

It Comes With the Morrow and Will Be Appropriately Observed in This City.

The readers of THE SENTINEL do not need to be told that to-morrow is Thanksgiving day. Its annual return is looked for with the ending of November days, and when the president of the United States and governors of the different states designated the 28th day of this month as a day of thanksgiving and prayer to God for the blessings of the year, millions of hearts stood ready to comply with the request and to-morrow will be a national Thanksgiving day from ocean to ocean and from the lakes to the gulf.

The day will be observed in this city in an appropriate way. Many of the manufacturing establishments will be closed, and religious services will be held at different churches. THE SENTINEL, in accordance with its custom, will issue no paper, and its employes will join with everybody else in returning thanks for the blessings of life.

Thanksgiving comes to crown a bounteous year;
Let's eat our fill of turkey while it's here.

The history of Thanksgiving day is well known. It was early observed in England and Holland, and when the Pilgrim Fathers landed on American shores they did not forget it. It was observed in Massachusetts as early as 1623, and when the war for our independence closed the American congress at different times designated days for general thanksgiving and in 1850 Thanksgiving proclamations were issued by the governors of eight southern states.

During the war of the rebellion President Lincoln issued proclamations recommending special thanksgivings for victories won in 1862 and 1863, and a national proclamation of annual thanksgiving in 1864. Since that time such a proclamation has been issued annually by the president, as well as by the governors of the various states, and custom has fixed the time as the last Thursday in November.

CHURCH SERVICES.

Thanksgiving services by Pastor Sims at the Christian chapel at 10:30 a. m.

Thanksgiving service at the St. Paul M. E. church to-morrow at 10:30. Dr. C. B. Stemen will preach the sermon.

Union Thanksgiving services of the three Presbyterian churches will be held in the First Presbyterian church at 10 o'clock. Rev. J. M. Boggs will preach.

"Are We a Nation of Fools, or Dangers of Prosperity" is Pastor Northrop's subject of the Thanksgiving sermon at the Baptist church at 10:30 a. m. to-morrow.

Rev. J. L. Lutteral, P. E., will preach in the U. B. church on East Lewis street, at 10:30 a. m. Thanksgiving day. Let everybody come and bring something as a thanks offering and it will be disposed of to the needy poor.

THE ASPHALT CASE.

Judge Frazier Overrules the Demurrers to the Complaint.

This morning in the asphalt case, pending before Judge Frazier, at Columbia City, the judge overruled the demurrer to each paragraph of the complaint.

On the question of notice he held that the decisions of the supreme court were not uniform.

He held that the common council must pass a resolution declaring a necessity for the work.

He held that hereafter the common council must pass an order for the contract of the work.

The court held that the preliminary resolution was correct, and the city and the Barber Asphalt company have plead that the question of notice is immaterial, because all the parties appeared by remonstrance and petition before the common council and that therefore notice was unnecessary and that concurrence in the report of the committee and the making of the contract was a sufficient ordering of the work.

The court has intimated to the plaintiffs that this answer is sufficient. If so, the counsel for the company and the city expect to substantiate it and win the case.

CHICAGO MARKETS.

PHOENIX LIKE!

The City of Lynn Will Arise From the Ruins of Her $5,000,000 Fire and Rebuild at Once.

LYNN, Mass., Nov. 27.—The fire, which started here yesterday noon, raged with unabated fury almost until 8 o'clock last evening, when the flames were finally checked. That the flames were stopped is to the credit of Chief Engineer Webber, of Boston, who messed all the engines on Newhall street, and thus put an end to their further spread along the beach.

Prominent manufacturers are of the opinion that the loss will reach $5,000,000. The number of burned buildings was 296, of which forty-two were brick blocks, 112 wooden buildings, used for business purposes, and 142 dwellings occupied by 161 families. The number of laboring people thrown out of work is estimated at 8,000. The work of rebuilding will be commenced at once. The families deprived of homes are being carried for by the associated charities.

ABOUT $75,000!

City Treasurer Sosenheimer Receives Nearly That Amount in Taxes.

City Treasurer C. J. Sosenheimer has received during his regime about $75,000, the exact aomut being hard to ascertain at present. The figures will be known when the treasurer's report is tendered to the council, which will be at the first meeting in December. This amount Mr. Sosenheimer says has been decreased by a considerable drain on the treasury.

The finance committee will appropriate to the several funds at their next meeting.

Mr. Sosenheimer will not, as a rule, collect taxes until about January 1, and all taxes are now collected with penalty.

Deputy Lawrence Bittinger is placing the books in shape during the interval.

NEARING AN END.

The Rainbow Festival Closes To-Morrow Afternoon.

The festival and fair of the Second Presbyterian church will close to-morrow. A grand dinner will be served from 11 a. m. until 2 p. m., when a reception will be given and a large crowd is expected.

Reineke's orchestra No. 1 will furnish the music and other features will make the afternoon's program an interesting one. The articles in the various booth's which have not been sold up to that time will be disposed of at auction. Go and witness the sale and the closing exercises.

The Cronin Case.

CHICAGO, Nov. 27.—The argument of the Cronin murder case will begin Friday morning. Luther Laflin Mills will make the last speech for the state. The speeches will occupy about eight days. That would send the case to the jury a week from Saturday night.

LOCAL LINES.

John Doyle and Mary Strader have been licensed to wed.

The county institute will close this evening, with a lecture by Col. R. S. Robertson.

Mrs. Adams, wife of Dr. J. H. Adams, left last night for the east on a two weeks' visit with relatives.

Just thirty-nine years ago to-day Mr. James Fox, the contractor, was wedded, and himself and wife will celebrate the occasion to-night.

Joseph Golden, an apprentice at the Wabash boiler shop and residing at 38 Melita street, had his left eye badly injured to-day. A metal substance imbedded itself in the organ.

Mr. Ed. Logan, manager of May Davenport's Burlesque and Gaiety company, which appears at the Temple to-night, made THE SENTINEL a pleasant call to-day. Mr. Logan will be remembered by many as a Fort Wayne boy.

The ladies of the Congregational church serve the Scottish Rite Masons with supper at the Masonic Temple this evening. They also served them with a banquet dinner to-day. The meal was magnificent and the Masons speak in the highest praise of the "quality and quantity."

Mr. Joseph Storm, while in favor of asphalt pavement, says that he is not circulating a petition in favor of the same on West Washington street, as some one informed a SENTINEL reporter yesterday. The petition is being circulated, however, and fifty-four names have been secured.

AN ANNIVERSARY.

The St. Bernard Sir Knights Arranging for a Celebration.

In accordance with the wishes of St. Bernard branch, Catholic Knights of America, a committee, previously appointed, met at Dr. J. M. Dinnen's office last night to arrange for observing the anniversary of the establishment of that order in this city.

Mr. T. B. Hedekin presided at the meeting, Mr. A. F. Glutting was secretary and Mr. James Woulfe, treasurer. It was decided to give a banquet at Library hall, January 8, and Messrs. M. F. Belger, Patrick Ryan and A. F. Glutting were appointed a committee to arrange for it.

Messrs. James Fox and Patrick Ryan will have charge of the admissions and Messrs. Dennis Monahan, Louis Fox and D. J. Reilly will arrange for the music.

A committe on invitation consisting of T. B. Hedekin, Louis Fox, H. C. Berghoff, A. C. Trentman, James Woulfe and A. J. Moynihan, was appointed and another meeting will be held next Tuesday evening.

IN MEMORIAM.

Honor to the Memory of the Late Father O'Leary.

HALL OF SAINT JULIAN COUNCIL, C. B. L.
FORT WAYNE, Nov. 25, 1889.

God in his wise providence has called to his eternal home, our respected and beloved spiritual director, Rev. T. M. O'Leary. The summons came somewhat suddenly on Thursday, Oct. 24, 1889, at the Episcopal residence on Clinton street. On his death bed he was surrounded and cheered by his bishop and priests of the Episcopal household. The call found him prepared. He received the sacraments and all the consolations of the church.

Although not yet very old at the time of his death—being only thirty-seven years old—he did much in his brief life by word and example, and heroic acts of true charity to prove his strong faith, and fulfill his priestly mission, ever faithful in the performance of his sacred duties as a model priest.

Sunshine or storm always found him zealously at work. He had always a pleasant smile for the troubled and oppressed. With his influence and limited means he was interested in, and helped in every charitable and good work for the church, or a needy or suffering neighbor.

A love of truth and an aversion for anything savoring of deceit and its usual attendant hypocrisy, he was, indeed, quick to discern the want of this Christian characteristic, but exceedingly slow to judge or censure.

Father O'Leary was of a generous and childlike nature. He fully exemplified the practical Christian life of a devoted and zealous priest of God.

In his death the Catholic Benevolent Legion has lost a warm advocate, Saint Julian Council a kind and steadfast friend, prudent director and councellor. His presence brought sunshine and encouragement to council meetings.

While we miss his genial presence, we have the hope and assurance that he now enjoys that eternal happiness in heaven which he so eminently merited for his good works on earth in the service of his God.

May God have mercy on his soul.

CATARRH.

Catarrhal Deafness--Hay Fever--A New Home Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N. B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent free on receipt of stamp to pay postage, by A. H. Dixon & Son, 337 and 339 West King street, Toronto, Canada.—*Christian Advocate.*

Sufferers from Catarrhal troubles should carefully read the above.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

Your committee on streets and alleys respectfully report:

1. In the matter of the petition of Messrs. Beach and Evans, asking that the city restore the grade of their alley, which petition was referred to your committee and on account of which the estimate for grading said alley was also referred, we are informed by the city engineer that the grading was done in accordance to a proper grade given by him, we therefore recommend that the estimate be allowed. Your committee are of the opinion that a slight variation from a proper grade would have done no harm and would have been a great accommodation to Mr. Beach by way of giving him access to his stable from the alley. As graded he is deprived from the use of the alley as access to his stable, his stable being located high on account of the lot and alley being high ground when the stable was built. We therefore recommend that the street commissioner be instructed to fill the alley at the entrance of Mr. Beach's stable in a manner to give entrance to the stable, with a gradual grade so as not in any way to obstruct the safe and easy use of said alley.

2. In the matter of the report of city engineer recommending the condemnation of a seven foot strip of land off of the south side of High street, in Pape's and Gerken's additions, and the vacation of ten feet of the street on the north side of High street, in Ewing's out lots, your committee is of the opinion that High street should be made of uniform width from Wells street to the feeder canal, by condemning a strip of land off of Pape's first and Gerken's additions, and to vacate a strip off both sides of High street, through Ewing's outlots to Saint Mary's avenue. If the councilmen of the Ninth ward will offer a resolution to call out the city commissioners for the purpose of vacating and condemning the necessary land to make High street uniform in width your committee would recommend its adoption.

3. The matter of the resolution of Councilman Halber to instruct the street commissioner to grade Oakland avenue where it crosses Spring Street and Hoffman street, we report that Oakland avenue has never been graded. Since Spring street has been graded, the cut is so deep that people cannot drive a wagon or walk from Oakland avenue to Spring street, therefore, we recommend for the safety of the public, although it is contrary to the rule of this council to grade streets at the expense of the city, that the street commissioner be instructed to cut Oakland avenue at Spring street, as much as will be necessary to admit of the use of the avenue from Spring street.

4. We recommend that the resolution of Councilman Vordermark to grade and pave the sidewalk on Gay street, be referred back to him to hold until public work shall commence next season. This council adopted a resolution stopping all unnecessary public work for this season. It is now too late to construct walks.

5. The bill of the Fleming Manufacturing company amounting to $6.50 for furnishing a new knife for a road scraper, we recommend that $5.40 be allowed, which is the amount heretofore paid for knives, and the street commissioner had not been informed when he ordered the knife that the price would be changed.

6. In favor of the petition of C. Ferd Fietz to allow him to put down a crossing at his expense and under the supervision of the street commissioner on Lafayette street between Holman and Montgomery streets.

7. We have seen W. H. Harrison concerning signs which he omitted to put up on several street corners, as reported by the city marshal. He promises to put them up immediately and when done his contract will be completed.

REPORT OF COMMITTEE ON PRINTING.

We, your committee on printing, to whom was referred the proposals to do the city printing for the ensuing year, respectfully report herewith a contract with the Journal company it being the lowest and best bidder. The contract does not include printing or publishing matter for which the city is not liable. Inasmuch as the law provides that the parties interested shall pay for such notices, and we did not include the printing of the annual reports of the water works trustees, inasmuch as the law gives them the authority to make their own contracts. We recommend that the contract as reported be approved because the price asked for such printing is $1,593 less than for the past year, and because the work of said company has always been satisfactorily performed for said city.

Your fire commissioners to whom was referred the bids for lots for the location of fire engine houses in the Eighth, Ninth and Fifth wards, would report as follows:

1. We recommend the extreme east end of the Hayden park as the best location for that purpose in the Eighth ward, the cost for same to the city being nothing.

2. We still have the locations in the Fifth and Ninth wards under advisement and cannot make our report on same till after a conference with the owners or agents of lots that we deem advisable for said purpose. We would therefore ask for further time in these two cases.

REPORT OF COMMITTEE ON STREETS AND CITY ATTORNEY.

We your committee on streets and city attorney, in the matters referred to us, respectfully report:

1. Relating to the report of the civil engineer and the petition of Contractor Horstman in reference to estimate for sidewalks on Lafayette street, we find that said estimate is correct and for the proper amount. As to the recommendation of the engineer, that the estimate be withheld, because the contractor disposed of some of the earth belonging to the property owners we report that if the engineer or street commissioner did not order any disposition of the earth, which the contractor refused to make, the question of what became of the earth is immaterial to the council. If the contractor built the sidewalk strictly according to the contract it is no excuse to the council, in refusing an estimate, to base the same upon the ground that the contractor committed an assault and battery, cut a clothes line or stole some earth in doing the work. If the engineer thought the estimate should have been withheld he should not have reported it to the council. We therefore recommend that the estimate be granted.

2. With reference to the street commissioner's report relating to the conditions of the streets and alleys as left by the Salamonie Gas and Mining Co. and the necessary steps for their repair, report that the attorney has caused the proper notice to be served, a copy of which is herewith attached.

THE BUSY HUM

Will Be Hushed in Some of the Manufactories of the City To-morrow--To-day's Budget.

The railroads leading through Fort Wayne will do business as usual to-morrow. The iron horse has no love for the Thanksgiving turkey, and will not rest from its weary labors to give thanks. Many of the railroad men will eat their Thanksgiving fowl at their boarding places along their route, for they will remain on duty as usual, with the exception of some of the freight crews, who may be able to get off.

Reduced passenger rates for Thanksgiving travel are given on the Nickel Plate and the Muncie routes, but the other railroads will charge regular fares.

Many of the manufacturing establishlishments of the city will be closed, among which will be the Pittsburg shops and the Olds works. The great Bass works will run as usual, although such of the men as desire to get off can do so, the privilege being given them to work or not as they may decide.

The reason the Bass works do not shut down is that business is rushing just at the present time, and the firm have several large orders which must be got out as soon as possible. "I had thought yesterday," said Supt. Pickard this morning, "that we would be able to close down, but we have large orders from locomotive works, the Electric Light company, and from other firms which must be filled and we could not, in justice to our customers close, but the men are given the privilege of working or not, as they choose."

THE GOSSIP OF THE DAY.

Harry Gilbert, of the Jenney works, is on the sick list.

John Roop, of the Pittsburg blacksmith shops, is off duty to-day.

C. E. Baker, of the Jenney works, went to Kendallville to-day to spend Thanksgiving.

Cas McGraw and Mart Wilson, of the electric works, have become members of the Knights of Pythias.

M. Morey, of the Jenney works, had one of his fingers mashed yesterday while working around the machinery.

John Kampheus, of the Bass blacksmith shops, had his fingers mashed yesterday and is off duty for a few days.

J. B. Gruber and M. Huntine, of the Kerry Murray works, left for Creston, Iowa, last evening, to do work for the company.

Michael Carey, of the Pittsburg blacksmith shops, had his fingers mashed yesterday and is off duty in consequence.

Col. Dodge, parlor car conductor on the Grand Rapids and Indiana, was the guest of Prof. Ed Cartwright and wife over Sunday.

During the last few days workmen have been putting a roof on the building in which the Pittsburg machine shop and some of the offices of the officials of the company are located, and last night when the storm came a large portion of the building was uncovered. The result was that the rain and snow played havoc and the water came through into the offices and shops and did considerable damage. Assistant Master Mechanic Steward had several new drawings almost completely ruined.

SALOONS DRIVEN OUT.

The Citizens of Fairland, Ind., Solve the Liquor Problem by Banishing the Saloons.

FAIRLAND, Ind., Nov. 27.—A few days ago Mr. and Mrs. Gebhart, living several miles from this place, came to town and found their son in a beastly state of intoxication. They at once notified the saloon-keepers not to sell him any more intoxicants. Friday night they came in again and caught their son drinking beer. Mrs. Gebhart took the glass from him and dashed the contents of the glass in the bartender's face, and while he was wiping his eyes she broke the glass over his head, inflicting quite a deep gash in his forehead.

On hearing of the circumstances the citizens were so incensed that it required considerable effort on the part of cooler-headed people to prevent a general uprising that would have demolished the saloons by force. A committee was appointed to wait upon the the saloon-keepers and request them at once to retire from the business, and they were given three days in which to answer.

At the end they have agreed to stop the sale of intoxicants and close up all their business affairs here by December 1. The citizens have raised a fund and bound themselves to never again allow a saloon to exist in the town.

JEFFERSONVILLE'S SCHOOLS

Will be Left in the Lurch by Treasurer Ingraham's Defalcation.

JEFFERSONVILLE, Ind., Nov. 26.—The county commissioners last evening instructed the county attorney to bring suit against Col. John Ingraham and his surety for any funds in his possession. Ingraham has been treasurer of the city school board for fifteen years and his integrity was undoubted. He retired three weeks ago. He borrowed money four years ago to build the high school, claiming he had $20,000 at his command, but it is claimed he was really short nearly that amount. The school fund will probably be compelled to suffer the loss, as none of Ingraham's sureties are thought to be solvent.

BUFFALO, N. Y., Nov. 26.—Another big find of natural gas was made here yesterday. Mr. George Rochdvel, the brewer, put down a well yesterday. At the depth of 965 feet, a flow was struck that will give at least a half million feet of gas every twenty-four hours. Mr. Mr. Rochevel has arranged to pipe the gas for domestic and manufacturing purposes throughout the city.

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

A COUNTERFEITER IN CUSTODY.

And Fort Wayne Witnesses Must Go to Indianapolis.

Subpœnas are being served on the merchants in this city who were victimized by the slick counterfeiter who a few months ago passed between ten and fifteen ten-dollar bills in this city.

The man's name is not known but the detective who worked the case now has his man safely behind the bars.

Mr. Frank Smead, of the Union Pacific Tea house was the first man subpœnaed and later his wife was served with a writ. The latter was acting as cashier at the time the bill was taken in.

Others will have to go to the capital to render testimony and identify the man now held on the charge.

It is claimed that the prisoner has been associated with others who together passed last summer about $25,000 of the counterfeit stuff in their travels.

Is a constitutional and not a local disease, and therefore it cannot be cured by local applications. It requires a constitutional remedy like Hood's Sarsaparilla, which, working through the blood, eradicates the impurity which causes and promotes the disease, and effects a permanent cure. Thousands of people testify to the success of Hood's Sarsaparilla as a remedy for catarrh when other preparations had failed. Hood's Sarsaparilla also builds up the whole system, and makes you feel renewed in health and strength.

"I used Hood's Sarsaparilla for catarrh, and received great relief and benefit from it. The catarrh was very disagreeable, especially in the winter, causing constant discharge from my nose, ringing noises in my ears, and pains in the back of my head. The effect to clear my head in the morning by hawking and spitting was painful. Hood's Sarsaparilla gave me relief immediately, while in time I was entirely cured. I think Hood's Sarsaparilla is worth its weight in gold." MRS. G. B. GIBB, 1029 Eighth Street, N. W., Washington, D. C.

HELD FOR MURDER!

It is Believed That Farmer Thomas Davidson Was Murdered by His Nephew.

"Is it murder?"

Such a question was propounded in tones akin to awe to-day when the fact became known of the arrest and incarceration in the county jail of young Thomas Davidson, on suspicion of having killed his uncle, a well-to-do farmer of Lake township, who was found dead in his barn Monday morning.

Thomas Davidson, the deceased, was an old and respected resident of Lake township, this county. He was about seventy-five years old.

He had neither wife nor children and when his nephew, Thomas Davidson, a young man, returned from the west about a year ago, the old man welcomed him into his home with the kindness that he would have extended to a son.

Among other things the old man conveyed to his nephew by deed an eighty-acre farm situated two and one-half miles north of Arcola. Time wrought changes. The headstrong nephew did no seem to get along with his gray-haired uncle. Differences arose between them and the younger Davidson left and went to the farm of Wallace Madden, near by, where he procured employment.

While there he asserted his rights to the property deeded him, even going so far as to charge his uncle with driving him from the premises.

These circumstances in brief, connected with

FINDING THE BODY,

led to the arrest of young Davidson. The body of the old man was found Monday forenoon in the barn, not far from the farm-house. The body was lying within three feet of the horses' hoels, as if to convey an impression to the discoverer that death was caused by being kicked. The corpse reposed on its side, with no descernible marks of violence.

Coroner Kessler, of this city, was summoned and later Prosecutor Robinson, Sheriff Viberg and Deputy Tom Wilkinson drove out to the scene.

The coroner, upon examination, found three ribs in the old man's body fractured, although there was no outward indication of any blow or kick from a horse.

The sheriff and his deputy found faint impressions of finger marks, as they believed, upon the neck, as though somebody had resorted to choking the old man to get him out of the way. The evidence led the officers to suspect the man who is now in the custody of the sheriff.

YOUNG DAVIDSON'S TESTIMONY.

At the inquest, before the arrest, young Davidson testified that he was at Mr. Madden's house Sunday evening.

Mrs. Madden and Mrs. Hire previously testified that Davidson was not at the Madden house after 3 o'clock Sunday afternoon until 10 o'clock at night.

Davidson also testified that he ate supper at the Madden house.

The young man continued until he had contradicted himself several times, when he was arrested.

Old man Davidson was last seen about the farmhouse Sunday, shortly after dinner.

THE PRISONER.

A SENTINEL reporter visited the jail early this morning and was ushered by Turnkey Lindley into the murderer's ward, where he soon came face to face with the prisoner.

Young Davidson has just passed his twenty-eighth year. His dark hair and mustache and a glass eye give him anything but an inviting expression. His appearance was uncouth, and he had a morose air about him when approached by the reporter.

The prisoner is an unmarried man.

"I don't want to be interviewed," he growled, as he clammed a knife and fork down on a plate, after having eaten a light breakfast.

"Don't you want to deny anything, or say a few words that might vindicate you in the eyes of the public, who now believe you to be a murderer?"

"I don't want to say anything. I don't see why they should lock me up."

The prisoner could not be urged to say another word.

OFF TO ARCOLA.

Shortly after 9 o'clock a vehicle appeared at the jail and shortly afterward Sheriff Viberg and Deputy Sheriffs Wilkinson and Black, with the prisoner in custody, were off for Arcola.

The object of the trip to Arcola was to leave the prisoner go to those places where he claimed to have been at certain times, and ascertain if any of his statements prove true.

DAMAGING CIRCUMSTANCES.

A SENTINEL reporter, learning that Wm. J. Barr, the grocer, was intimately acquainted with the deceased Davidson, called at the store on West Main street for an interview. The proprietor was absent, having gone to Arcola to inquire after some business affairs in which he had been interested with the old man, but James Barr, a brother, was willing to talk. He said:

"Yes, old man David-on and my father came from Ireland to this country together. They used to be old cronies."

"Have you ever heard the old man talk about his nephew?"

"Yes, it was not long ago he was in the store talking about him. He said that his nephew had threatened him and he said he was in fear that some time violence would be done him."

"Did he ever say that any violence had been done him?" the reporter asked.

"Yes he stated that at one time after he deeded the property he was taking wood from the premises when the nephew ordered him to get out and thrust him off the premises."

CORONER KESSLER

was interviewed and he said:

"Davidson gave very contradictory evidence. At one time he said he was fishing in Eel River township; again that he was in bed at a certain hour, which was proven false; at another time he told Sheriff Viberg another story. It is plain that the man acts as if there was guilt attached to him."

THE DEED.

The deed to the property, which cuts such a prominent figure in the bloody chapter, reads as follows:

"This indenture witnesseth that Thomas Davidson (widower) in consideration of $100 and support to him paid by Thomas Davidson, nephew of above grantor, and son of James Davidson, the receipt whereof is hereby acknowledged, does grant, bargain, sell and convey to the said Thomas Davidson, his heirs and assigns forever, the following real estate in Allen county and state of Indiana, described to-wit:

The east half of the northeast quarter of section 30, township 31; north range, 11 east, containing 80 acres according to government survey.

It is hereby understood between the parties above mentioned that the support of the grantor during his lifetime by the grantee is the consideration of this conveyance, and upon failure to support properly said grantor this deed will be null and void.

Personally appeared before me, the subscriber, a notary public, in and for said county, Thomas Davidson, the grantor in the above conveyance, and acknowledged the same to be his voluntary act and deed for uses and purposes therein mentioned.

Witness my hand and notarial seal this 25th day of October, 1888.

[NOTARY SEAL.] JOHN G. HELLER, Notary Public.

Recorded October 26, 1888.
M. M. THOMPSON, Recorder Allen County.

There still remains another eighty acres in the old man's name.

THE OUTCOME.

What will it be? The web of guilt is weaving itself around Thomas Davidson. His conflicting stories about his whereabouts upon the night when it is supposed the murder was committed, the threats he made against his aged uncle and the general circumstances tend to work against the prisoner. A trial in the Allen circuit court on the charge of murder in the first degree will no doubt be the outcome of this alleged crime: and if the prisoner is found guilty he will probably pay the penalty on the gallows.

THE CAUSE.

If young Davidson committed the murder his object was to prevent his uncle from revoking the deed to the land, for which purpose proceedings were entered by the deceased before a justice of the peace at Arcola.

The case had been appealed to the superior court of Allen county, where it now is awaiting trial.

CARNIVAL OF DAYS.

A Brilliant Event Inaugurated at the New Schmitz Block.

The "Carnival of Days," given by the Congregational church opened last evening at the new Schmitz block on Calhoun street, and was well attended. The ladies have their rooms handsomely arranged with booths, and offer an inviting program each evening.

The jubilee singers and the dairy maid's drill will be on the boards to-night, and the program for to-morrow and to-morrow night will be equally interesting.

The fair continues for a week and will be a popular place of amusement for all.

LOOK OUT FOR IT!

A Cold Wave Coming.—The Rain Will Turn to Snow To-night in This Region.

WASHINGTON, Nov. 27.—For Indiana—Rain, turning into snow Thursday; colder, northwesterly winds.

WASHINGTON, Nov. 27.—The signal office at noon to-day issued the following special weather bulletin. A general storm now prevails over the country east of the Mississippi with gales on the lakes, and a cold wave advancing from the northwest, which will cover the Ohio valley to-night and Thursday.

The rain will turn to snow in western New York, western Pennsylvania, Ohio, and Indiana to-night and Thursday, with decided prospects of interrupting telegraphic communication in these sections and interference with railway travel. These conditions will probably move eastward with possibly increasing severity.

LOCAL ITEMS.

Patriarchal circle will meet to-night.

Mr. A. C. Trentman went to Chicago last night.

Loyal lodge, K. of P., have a regular session to night.

Miss Mary Randall will give a soiree to-night at the old Standard hall.

Christian Brink, the popular democratic recorder of Marion county, is in the city.

The Sherwood sisters, the Swedish nightingales, with the Davenport Burleseque Co.

Boy's gymnasium class at the City Y. M. C. A. will be in the forenoon Thanksgiving day.

The audience room of the Berry street M. E. church has been most beautifully refitted and refurnished.

The funeral of the late John B. Becquette will take place to-morrow morning at 10 o'clock, from the Cathedral.

The Fort Wayne Electric association met last evening. The organization is composed of members of the electric light works.

Mr. and Mrs. Gabe Knisely, of Columbia City, were in the city yesterday and attended the performances at the Temple last evening.

Emma Rosseau has brought suit in 'Squire Hays' court to replevin household goods from Mary Hadley. The case is set for Friday.

Dr. J. O. Keller has appealed the case in which he is charged with assault and battery on John Houah, a former employe, and the suit will be heard in the circuit court.

Mr. Francis Burgess and his daughter, Miss Bessie Burgess, one of the accomplished teachers in our public schools, left to-day for Danville, Ill., to visit relatives for a few days.

The re-opening of the audience room of the Berry street M. E. church will occur on next Sabbath evening. The presiding Elder Rev. A. E. Mahin will preach both morning and evening.

Mr. Albert Gall, who is in the city with other Indianapolis gentlemen, attending the Scottish Rite meeting, is a candidate for treasurer of state. He is very popular at his home in Indianapolis, and will make a very strong candidate.

The Huntington *Democrat* says: "Mrs. Bapler, of Fort Wayne, is visiting the family of Rev. Hassold.—Yesterday H. J. Ash, of Fort Wayne, came down and purchased Dr. McLin's thoroughbred mare, paying therefor $900. A man is here to-day to take the animal to Fort Wayne."

This morning at 10 o'clock, occurred the marriage of Mr. Joseph Bercot to Miss Mary Sordiet, of Lake township. The ceremony was performed by the Rev. Father Quinland, at the Catholic church of Arcola. Mr. and Mrs. Bercot leave this evening for the east on their wedding tip.

Besides others, the following persons will take part in the program at the evening exercises of the Railroad department of the Y. M. C. A. Thanksgiving: Messrs. Samuel P. Taylor and H. B. Wenisey, in solos, and a male quartet consisting of Messrs. Mahon, Nonnamaker, Hedden and Weadley will render some selections.

Mr. George Loyd, the general agent of the Railway Building and Loan association, has organized a branch of the society in this city, and named the following officers: President, A. H. Carrier; secretary, E. W. Cook; treasurer, B. F. Douglass; attorney, O. N. Hutson; directors, M. G. Shimmel, J. P. Gray and Frank Thiel. The headquarters in this city will have a meeting Saturday.

THANKSGIVING DAY.

It Comes With the Morrow and Will Be Appropriately Observed in This City.

The readers of THE SENTINEL do not need to be told that to-morrow is Thanksgiving day. Its annual return is looked for with the ending of November days, and when the president of the United States and governors of the different states designated the 28th day of this month as a day of thanksgiving and prayer to God for the blessings of the year, millions of hearts stood ready to comply with the request and to-morrow will be a national Thanksgiving day from ocean to ocean and from the lakes to the gulf.

The day will be observed in this city in an appropriate way. Many of the manufacturing establishments will be closed, and religious services will be held at different churches. THE SENTINEL, in accordance with its custom, will issue no paper, and its employes will join with everybody else in returning thanks for the blessings of life.

Thanksgiving comes to crown a bounteous year;
Let's eat our fill of turkey while it's here.

The history of Thanksgiving day is well known. It was early observed in England and Holland, and when the Pilgrim Fathers landed on American shores they did not forgot it. It was observed in Massachusetts as early as 1623, and when the war for our independence closed the American congress at different times designated days for general thanksgiving and in 1850 Thanksgiving proclamations were issued by the governors of eight southern states.

During the war of the rebellion President Lincoln issued proclamations recommending special thanksgivings for victories won in 1862 and 1863, and a national proclamation of annual thanksgiving in 1864. Since that time such a proclamation has been issued annually by the president, as well as by the governors of the various states, and custom has fixed the time as the last Thursday in November.

CHURCH SERVICES.

Thanksgiving services by Pastor Sims at the Christian chapel at 10:30 a. m.

Thanksgiving service at the St. Paul M. E. church to-morrow at 10:30. Dr. C. B. Stemen will preach the sermon.

Union Thanksgiving services of the three Presbyterian churches will be held in the First Presbyterian church at 10 o'clock. Rev. J. M. Boggs will preach.

"Are We a Nation of Fools, or Dangers of Prosperity" is Pastor Northrop's subject of the Thanksgiving sermon at the Baptist church at 10:30 a. m. to-morrow.

Rev. J. L. Luttrell, P. E., will preach in the U. B. church on East Lewis street, at 10:30 a. m. Thanksgiving day. Let everybody come and bring something as a thanks offering and it will be disposed of to the needy poor.

THE ASPHALT CASE.

Judge Frazier Overrules the Demurrers to the Complaint.

This morning in the asphalt case, pending before Judge Frazier, at Columbia City, the judge overruled the demurrer to each paragraph of the complaint.

On the question of notice he held that the decisions of the supreme court were not uniform.

He held that the common council must pass a resolution declaring a necessity for the work.

He held that hereafter the common council must pass an order for the contract of the work.

The court held that the preliminary resolution was correct, and the city and the Barber Asphalt company have plead that the question of notice is immaterial, because all the parties appeared by remonstrance and petition before the common council and that therefore notice was unnecessary and that concurrence in the report of the committee and the making of the contract was a sufficient ordering of the work.

The court has intimated to the plaintiffs that this answer is sufficient. If so, the counsel for the company and the city expect to substantiate it and win the case.

PHOENIX LIKE!

The City of Lynn Will Arise From the Ruins of Her $3,000,000 Fire and Rebuild at Once.

LYNN, Mass., Nov. 27.—The fire, which started here yesterday noon, raged with unabated fury almost until 8 o'clock last evening, when the flames were finally checked. That the flames were stopped is to the credit of Chief Engineer Webber, of Boston, who massed all the engines on Newhall street, and thus put an end to their further spread along the beach.

Prominent manufacturers are of the opinion that the loss will reach $3,000,000. The number of burned buildings was 236, of which forty-two were brick blocks, 112 wooden buildings, used for business purposes, and 142 dwellings occupied by 164 families. The number of laboring people thrown out of work is estimated at 8,000. The work of rebuilding will be commenced at once. The families deprived of homes are being carried for by the associated charities.

ABOUT $75,000!

City Treasurer Sosenheimer Receives Nearly That Amount in Taxes.

City Treasurer C. J. Sosenheimer has received during his regime about $75,000, the exact nomul being hard to ascertain at present. The figures will be known when the treasurer's report is tendered to the council, which will be at the first meeting in December. This amount Mr. Sosenheimer says has been decreased by a considerable drain on the treasury.

The finance committee will appropriate to the several funds at their next meeting.

Mr. Sosenheimer will not, as a rule, collect taxes until about January 1, and all taxes are now collected with penalty.

Deputy Lawrence Bitlinger is placing the books in shape during the interval.

NEARING AN END.

The Rainbow Festival Closes To-Morrow Afternoon.

The festival and fair of the Second Presbyterian church will close to-morrow. A grand dinner will be served from 11 a. m. until 2 p. m., when a reception will be given and a large crowd is expected.

Reincke's orchestra No. 1 will furnish the music and other features will make the afternoon's program an interesting one. The articles in the various booth's which have not been sold up to that time will be disposed of at auction. Go and witness the sale and the closing exercises.

The Cronin Case.

CHICAGO, Nov. 27.—The argument of the Cronin murder case will begin Friday morning. Luther Laflin Mills will make the last speech for the state. The speeches will occupy about eight days. That would send the case to the jury a week from Saturday night.

LOCAL LINES.

John Doyle and Mary Strader have been licensed to wed.

The county institute will close this evening, with a lecture by Col. R. S. Robertson.

Mrs. Adams, wife of Dr. J. H. Adams, left last night for the east on a two weeks' visit with relatives.

Just thirty-nine years ago to-day Mr. James Fox, the contractor, was wedded, and himself and wife will celebrate the occasion to-night.

Joseph Golden, an apprentice at the Wabash boiler shop and residing at 38 Mellis street, had his left eye badly injured to-day. A metal substance imbedded itself in the organ.

Mr. Ed. Logan, manager of May Davenport's Burlesque and Gaiety company, which appears at the Temple to-night, said: THE SENTINEL a pleasant call to-day. Mr. Logan will be remembered by many as a Fort Wayne boy.

The folks of the Congregational church served the Scottish Rite Norms with supper at the Masonic Temple this evening. They also served them with a banquet dinner to-day. The meal was magnificent and the Masons speak in the highest praise of the "quality and quantity."

Mr. Joseph Sterns, while in favor of asphalt pavement, says that he is not circulating a petition in favor of the same on West Washington street, as some one informed a SENTINEL reporter yesterday. The petition is being circulated, however, and fifty four names have been secured.

AN ANNIVERSARY.

The St. Bernard Sir Knights Arranging for a Celebration.

In accordance with the wishes of St. Bernard branch, Catholic Knights of America, a committee, previously appointed, met at Dr. J. M. Dinnen's office last night to arrange for observing the anniversary of the establishment of that order in this city.

Mr. T. B. Hedekin presided at the meeting, Mr. A. F. Glutting was secretary and Mr. James Woulfe, treasurer. It was decided to give a banquet at Library hall, January 8, and Messrs. M. P. Belger, Patrick Ryan and A. F. Glutting were appointed a committee to arrange for it.

Messrs. James Fox and Patrick Ryan will have charge of the admissions and Messrs. Dennis Monahan, Louis Fox and D. J. Reilly will arrange for the music.

A committe on invitation consisting of T. B. Hedekin, Louis Fox, H. C. Berghoff, A. C. Trentman, James Woulfe and A. J. Moynihan, was appointed and another meeting will be held next Tuesday evening.

IN MEMORIAM.

Honor to the Memory of the Late Father O'Leary.

HALL OF SAINT JULIAN COUNCIL, C. B. L.
FORT WAYNE, Nov. 25, 1889.

God in his wise providence has called to his eternal home, our respected and beloved spiritual director, Rev. T. M. O'Leary. The summons came somewhat suddenly on Thursday, Oct. 24, 1889, at the Episcopal residence on Clinton street. On his death bed he was surrounded and cheered by his bishop and priests of the Episcopal household. The call found him prepared. He received the sacraments and all the consolations of the church.

Although not yet very old at the time of his death—being only thirty-seven years old—he did much in his brief life by word and example, and heroic acts of true charity to prove his strong faith, and fulfill his priestly mission, ever faithful in the performance of his sacred duties as a model priest.

Sunshine or storm always found him zealously at work. He had always a pleasant smile for the troubled and oppressed. With his influence and limited means he was interested in, and helped in every charitable and good work for the church, or a needy or suffering neighbor.

A love of truth and an aversion for anything savoring of deceit and his usual attendant hypocrisy, he was, indeed, quick to discern the want of this Christian characteristic, but exceedingly slow to judge or censure.

Father O'Leary was of a generous and childlike nature. He fully exemplified the practical Christian life of a devoted and zealous priest of God.

In his death the Catholic Benevolent Legion has lost a warm advocate, Saint Julian Council a kind and steadfast friend, prudent director and councellor. His presence brought sunshine and encouragement to council meetings.

While we miss his genial presence, we have the hope and assurance that he now enjoys that eternal happiness in heaven which he so eminently merited for his good works on earth in the service of his God.

May God have mercy on his soul.

CATARRH.

Catarrhal Deafness—Hay Fever—A New Home Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N. B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent free on receipt of stamp to pay postage, by A. H. Dixon & Son, 337 and 339 West King street, Toronto, Canada.—*Christian Advocate.*

Sufferers from Catarrhal troubles should carefully read the above.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

Your committee on streets and alleys respectfully reports:

1. In the matter of the petition of Messrs Beach and Evans asking that the city restore the grade of their alley, which petition was referred to your committee and on account of the petitioners failure to grading said alley as was specified in their petition, we are informed by the city engineer that the grading was done in accordance to a 10 per cent grade as by law. We therefore report to recommend that the estimate be allowed. Your committee are of the opinion that a slight variation from a proper grade would have done no harm and would have been a great convenience to the petitioners in their special notices, and we did not suppose the grading of the animal reports of the water works trustees. Inasmuch as the last have given them the authority to make their own contracts. We recommend that the contract as reported be approved because the price asked for such grading is $1.25 less than for the past year, and because the work of said company has always been satisfactorily performed for said city.

Your fire commissioners to whom was referred the bids for lots for the location of the engine houses in the Eighth, Ninth and Fifth wards, would report as follows:

1. We recommend the extreme east end of the Hayden park as the best location for that purpose in the Eighth ward, the cost for same to the city being nothing.

2. We shall have the locations in the Fifth and Ninth wards under advisement and cannot make our report on same till after a conference with the owners or agents of lots that we deem advisable for said purpose. We would therefore ask for further time in these two cases.

REPORT OF COMMITTEE ON STREETS AND CITY ATTORNEY.

We your committee on streets and city attorney, in the matters referred to us, respectfully report:

1. Relating to the report of the civil engineer and the petition of contractor Horshman in reference to estimate for sidewalks on Lafayette street, we find that said estimate is correct and for the proper amount, and do the recommendation of the engineer, that the estimate be withheld, because the contractor disposed of some of the earth belonging to the property owners on corners thus if the engineer or street commissioner did not order any it position of the earth, which the contractor refused to make, the question of what became of the earth is immaterial to the council. If the contractor built the sidewalk strictly according to the contract it is no excuse to the council, in refusing an estimate, to use the same upon the ground that the council or committee on assault and battery, cut a clothes line or stole some earth in doing the work. If the engineer thought the estimate should have been withheld he should not have reported it to the council. We therefore recommend that the estimate be granted.

2. With reference to the street commissioner's report relating to the condition of the streets and alleys as set forth by the Salamonie Gas and Mining Co. and the necessary steps for their repair, report that the attorney has served the proper notice to be served, a copy of which is herewith attached.

REPORT OF COMMITTEE ON ASSESSMENT AND TAXES, ASSESSOR AND CITY ATTORNEY.

We, your committee on assessment and taxes, assessor and city attorney, on matters referred to us respectfully report as follows:

1. In the matter of the petition of Helmkamp & Co., we find that the law authorizes such refunds, and therefore upon petitioners filing the affidavits required by statute showing such loss, that the same was considered by county auditor, the absence of insurance on the said property, that he be granted a refunder for the sum of $42.00.

2. In the matter of petition of Maurice Cody praying for a refunder of ten dollars We report favorably because the assessors plainly showed by the improvements to have been assessed at $60, and that in making the transfer therefrom to the assessor's book, by a clerk error, the same was placed at $1,600, whereupon an assessment was made for two dollars, being the amount to which he is justly entitled.

3. In the matter of the petition of Herman Hellenkig, esq., we find that he purchased the property at public sale subject to the fact that a lien existed thereon for tax on improvements which, in fact, there were no improvements upon any part of lot No. 1, Nicholl's Manual by Mr. Hellenkig without knowledge of the mistake. We, therefore, recommend that he be granted a refunder for the amount named, viz., $6.85, and we further recommend that the clerk issue proper notice to the owner of said improvements, that he must pay the tax thereon.

REPORT OF SPECIAL COMMITTEE ON CIVIL ENGINEER'S RESIGNATION.

We your special committee to which was referred the subject of the civil engineer's resignation, respectfully report that we have given the subject careful consideration. We find that in the past there has been confusion and negligence due to the fact that the engineer has been compelled with a multitude of other duties. In the opinion of your committee a city officer owes to the city the same faithful service that would be exacted by a private employe, a railroad company or other corporation. Whatever ability he has fully put upon him now. He is discharged or his council must know how she is officer why it is not.

A great amount of oil tar has been done in the eighteen sidewalks laid this year and other has been neglected, and the said work was the poorest looking of any specimen existing about Fort Wayne. It now appears to have been well and originally constructed. All of this pavement must be rescinded by appropriating the work according to law and facts. No two assessments of any rate vary to a cent alike. The engineer's property book is the work done, the credits for cash handling, as often known to the present engineer. He alone knows and has the field notes showing the amount of grading, cut or fill, and the above shows and can certify the total yards included as to whether or not the work has been done according to the plans and specifications. This work will have to be estimated within the next thirty days. Besides, by reason of the close of the season and the late struggle existing within thirty days of the subdoor work upon public improvements, the officer will be absent from the city most almost wholly. He will be enabled to devote all his office daily during all business hours.

Expecting that no single cent of extra duty will here after take place that the Asphalt paving estimate will be promptly and properly prepared and that with the closing of out door work for the season, that the officer will be found at his office during the discharge of all his duties, and that he will attend council meetings, we recommend that the resignation in the hands of the mayor, tendered by the council, be accepted to his honor, and that further proceedings thereon be suspended.

REPORT OF CHIEF OF THE DEPARTMENT.

I ask to call your attention to the necessity of additional hydrant service of the Fort Wayne Electric Light works on Broadway. Owing to the distance from the Broadway hydrants to the east side of the works large lengths of hose must be laid, thereby lessening the pressure of the streams. If the hydrants were more numerous double the number of hose could be laid, and I feel confident we would be more efficient in case of fire. We have at present but two hydrants to work from and they are on Broadway. There should be about six hydrants to take care of a building as large as the Electric Light works, and I would recommend to run a water main to the east side of the works, with necessary hydrants.

HENRY HILDEBRANT,
Chief of Fire Department.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

Leave hope behind,
All ye who enter here!

So ran the dire warning which Dante read on the portraits of the Inferno. So runs the cruel verdict of your friends if you are overtaken by the first symptoms of that terrible disease, consumption. "Leave hope behind! Your days are numbered!" And the struggle against death is given up in despair. But while there is life, there is hope! Dr. Pierce's Golden Medical Discovery has cured hundreds of cases worse than yours; and it will cure you, if taken in time. But delay is dangerous. No power can restore a wasted lung; the "Golden Medical Discovery," however, can and will arrest the disease.

An Awful Sore Limb

Skin entirely gone. Flesh a mass of disease. Leg diminished one third in size. Condition hopeless. Cured by the Cuticura Remedies in two months.

Cured by Cuticura.

For three years I was almost crippled with an awful sore leg from my knee down to my ankle. Skin entirely gone. Flesh a mass of disease. Size of the limb was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the other, and I was in a helpless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your Cuticura Remedies, and the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My limb was purified, and the bone of the shin was exposed for over a year and a half. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as if ever was, sound in every respect, and not a sign of the disease to be seen.

Skin Disease 17 Years.

I have been troubled with a skin and scalp disease for seventeen years. My head at times was one running sore, and my body was covered with them as large as a half dollar. I tried a great many remedies without benefit, until I used the Cuticura Remedies, and am thankful to state that after two months of their use I am entirely cured. I feel it my duty to you and the public to share the above case.

THE BUSY HUM

Will Be Hushed in Some of the Manufactories of the City To-morrow--To-day's Budget.

The railroads leading through Fort Wayne will do business as usual to-morrow. The iron horse has no love for the Thanksgiving turkey, and will not rest from its weary labors to give thanks. Many of the railroad men will eat their Thanksgiving fowl at their boarding places along their route, for they will remain on duty as usual, with the exception of some of the freight crews, who may be able to get off.

Reduced passenger rates for Thanksgiving travel are given on the Nickel Plate and the Muncie routes, but the other railroads will charge regular fares.

Many of the manufacturing establishments of the city will be closed, among which will be the Pittsburg shops and the Olds works. The great Bass works will run as usual, although such of the men as desire to get off can do so, the privilege being given them to work or not as they may decide.

The reason the Bass works do not shut down is that business is rushing just at the present time, and the firm have several large orders which must be got out as soon as possible. "I had thought yesterday," said Supt. Pickard this morning, "that we would be able to close down, but we have large orders from locomotive works, the Electric Light company, and from other firms which must be filled and we could not, in justice to our customers close, but the men are given the privilege of working or not, as they choose."

THE GOSSIP OF THE DAY.

Harry Gilbert, of the Jenney works, is on the sick list.

John Roop, of the Pittsburg blacksmith shops, is off duty to-day.

C. E. Baker, of the Jenney works, went to Kendallville to-day to spend Thanksgiving.

Cas McGraw and Mart Wilson, of the electric works, have become members of the Knights of Pythias.

M. Morey, of the Jenney works, had one of his fingers mashed yesterday while working around the machinery.

John Kamphens, of the Bass blacksmith shops, had his fingers mashed yesterday and is off duty for a few days.

J. B. Gruber and M. Huntine, of the Kerry Murray works, left for Creston, Iowa, last evening, to do work for the company.

Michael Carey, of the Pittsburg blacksmith shops, had his fingers mashed yesterday and is off duty in consequence.

Col. Dodge, parlor car conductor on the Grand Rapids and Indiana, was the guest of Prof. Ed Cartwright and wife over Sunday.

During the last few days workmen have been putting a roof on the building in which the Pittsburg machine shop and some of the offices of the officials of the company are located, and last night when the storm came a large portion of the building was uncovered. The result was that the rain and snow played havoc and the water came through into the offices and shops and did considerable damage. Assistant Master Mechanic Steward had several new drawings almost completely ruined.

SALOONS DRIVEN OUT.

The Citizens of Fairland, Ind., Solve the Liquor Problem by Banishing the Saloons.

FAIRLAND, Ind., Nov. 27.—A few days ago Mr. and Mrs. Gebhart, living several miles from this place, came to town and found their son in a beastly state of intoxication. They at once notified the saloon-keepers not to sell him any more intoxicants. Friday night they came in again and caught their son drinking beer. Mrs. Gebhart took the glass from him and dashed the contents of the glass in the bartender's face, and while he was wiping his eyes she broke the glass over his head, inflicting quite a deep gash in his forehead.

On hearing of the circumstances the citizens were so incensed that it required considerable effort on the part of cooler-headed people to prevent a general uprising that would have demolished the saloons by force. A committee was appointed to wait upon the the saloon-keepers and request them at once to retire from the business, and they were given three days in which to answer.

At the end they have agreed to stop the sale of intoxicants and close up all their business affairs here by December 1. The citizens have raised a fund and bound themselves to never again allow a saloon to exist in the town.

JEFFERSONVILLE'S SCHOOLS

Will be Left in the Lurch by Treasurer Ingraham's Defalcation.

JEFFERSONVILLE, Ind., Nov. 26.—The county commissioners last evening instructed the county attorney to bring suit against Col. John Ingraham and his surety for any funds in his possession. Ingraham has been treasurer of the city school board for fifteen years and his integrity was undoubted. He retired three weeks ago. He borrowed money four years ago to build the high school, claiming he had $20,000 at his command, but it is claimed he was really short nearly that amount. The school fund will probably be compelled to suffer the loss, as none of Ingraham's sureties are thought to be solvent.

BUFFALO, N. Y., Nov. 26.—Another big find of natural gas was made here yesterday. Mr. George Rochdrel, the brower, put down a well yesterday. At the depth of 965 feet, a flow was struck that will give at least a half million feet of gas every twenty-four hours. Mr. Mr. Rochdrel has arranged to pipe the gas for domestic and manufacturing purposes throughout the city.

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

A COUNTERFEITER IN CUSTODY.

And Fort Wayne Witnesses Must Go to Indianapolis.

Subpœnas are being served on the merchants in this city who were victimized by the slick counterfeiter who a few months ago passed between ten and fifteen ten dollar bills in this city.

The man's name is not known but the detective who worked the case now has his man safely behind the bars.

Mr. Frank Smead, of the Union Pacific Tea house was the first man subpœnaed and later his wife was served with a writ. The latter was acting as cashier at the time the bill was taken in.

Others will have to go to the capital to render testimony and identify the man now held on the charge.

It is claimed that the prisoner has been associated with others who together passed last summer about $25,000 of the counterfeit stuff in their travels.

Catarrh

Is a constitutional and not a local disease, and therefore it cannot be cured by local applications. It requires a constitutional remedy like Hood's Sarsaparilla, which, working through the blood, eradicates the impurity which causes and promotes the disease, and effects a permanent cure. Thousands of people testify to the success of Hood's Sarsaparilla as a remedy for catarrh when other preparations had failed. Hood's Sarsaparilla also builds up the whole system, and makes you feel renewed in health and strength.

"I used Hood's Sarsaparilla for catarrh and received great relief and benefit from it. The catarrh was very disagreeable, especially in the winter, causing constant discharge from my nose, ringing noises in my ears, and pains in the back of my head. The effect to clear my head in the morning by hawking and spitting was painful. Hood's Sarsaparilla gave me relief immediately, while in time I was entirely cured. I think Hood's Sarsaparilla is worth its weight in gold." MRS. G. H. GIBB, 1029 Eighth Street, N. W., Washington, D. C.

Mr. John Pressler has the contract to do all the galvanized iron work on the elegant new Hull residence on West Wayne street.

Mr. D. Prouty, a merchant of Grand Crossing, Ill., is in the city. He came yesterday to attend the funeral of the late Engineer Matt Wilson.

Dr. N. B. Smith, of Huntington, will locate at Moore, Dekalb county, for the practice of his profession. Dr. Smith is a brother of Mrs. Dr. J. W. Younge.

Mr. Milt. McKean, of J. C. Peltier's office has associated himself with Mr. Charles Meegan in establishing a commission office over Jaxtheimer's tailoring establishment.

The Kendallville Daily *Journal* says: "Mrs. W. S. Baker and Elmer, of this place, accompanied by Clarence Baker, of Fort Wayne, spent Sunday with relatives and friends at Columbia City."

Manager C. B. Beaver, of the United States Express Company, has established money order offices at W. I. Moellering's drug store, corner of Lewis and Lafayette streets, and Schroeder Bros.' drug store, on Broadway.

The Old Fort Pulley works are so crowded with orders that steady employment is assured to the employes all winter with the work on hand at present. This industry is growing. Shipments are made as far east as the Atlantic, south to Augusta, Ga., and west to San Francisco.

Mr. Frank J. Greers, of Chicago, was in the city yesterday, and returned there with his wife last night. Mr. Greer was formerly manager of the Transfer and Storage company in this city, and is now holding a responsible position in the freight offices of the Chicago, St. Paul and Kansas City railroad.

Mr. Sam Albrecht and his gentlemen friends will not give their social hop at Morton hall to-morrow evening. The event has been postponed.

Joyce McGushin, through her attorney, John T. Redebaugh, enters suit in the circuit court for divorce from John McGushin. Cruel treatment is the charge.

The Huntington *Herald* says: "Mrs. Nic Fisher returned last night from a visit to Fort Wayne. She took her little grandson home, but he would not stay under any consideration."

The residence property of Frank Shuriek, on South Fairfield avenue, which has been vacant a long time has been purchased by Mr. W. P. Chapman, manager of the Telephone exchange.

Ellen Holland died last night of cancer of the stomach, age 52 years. The deceased was a sister of Richard Holland, of Euclid avenue, with whom she lived. The funeral will not be announced until the arrival of another brother, Warren Holland. The deceased was unmarried.

"Hilarity" is another comedy without a plot and the company presenting it is composed of the best members of the theatrical profession. A special matinee will be given to-morrow afternoon for ladies and children and no doubt the little ones will be in attendance to enjoy the fun.

The weird Brocken scene, with its assemblage of witches and demons, and its unique electric light effects, is nightly applauded wherever Mr. Lewis Morrison appears as Mephesto in his wonderful production of "Faust," which will be presented with great carefulness at the Masonic Temple next Tuesday night.

The business hours at the postoffice to-morrow will be as follows: The general delivery, money order and registry departments will be open from 9 to 10 a. m. only; one street delivery and one collection will be made at the usual hour in the morning; no other collection will be made, excepting the regular 7 o'clock evening collection in the business part of the city.

The St. Peter's Catholic fair is a grand success. Owing to the immense crowd last evening the goods were not all lotteried off and the fair will continue to-night. The cane contest last night resulted in favor of John Zern, the vote standing as follows: John Zern, 3,299½; F. Delagrange, 2,737; Peter Offenloch, 646. The amount realized from the contest was $648.45.

To enumerate the times James S. Moffit has flung his mimic hook and line into the metaphorical waves of the painted Atlantic in "Evangeline," would make a blonde and curly headed school boy gray-headed. Mr. Moffit was the original in the part many, many years ago, and "Evangeline" without him would be worse than "Hamlet" with Hamlet himself left out.

A Terre Haute paper says: "Miss Graham, of Fort Wayne, who is attending the normal, sang two beautiful solos at the Congregational church social Thursday evening. This was her introductory appearance before Terre Haute people, and her reception was quite flattering." Miss Maud Graham is the daughter of Mr. and Mrs. James E. Graham and is the only pupil at the normal from this city.

The Three River Rod and Reel club will give its first annual ball to-night at Arion hall. About 200 tickets have been sold. The committees are as follows: Arrangement committee, Gottlieb Stump, Fred J. Bernhardt, George Brenner; floor managers, William Shellhorn, D. W. Kane, Charles Rekers, Fred J. Bernhardt, Herman Schwietering; reception committe, Charles Thieme, Fred Hoffer, Henry Miller.

Last evening the junior department of the City Y. M. C. A., the members of which consist of boys from ten to sixteen years of age, was opened and the following program, after the opening address, was rendered: Piano solo, Miss Bessie Cherry; address, Mr. D. T. Bower; violin sulette, conservatory boys; address, Mr. E. F. Gage; violin solo, Miss Rosa French; presentation address, D. W. Souder, chairman; response, Mrs. J. O. Keller. Upon the completion of the program the entire company visited the rooms of the new department. Refreshments were served consisting of cake, bananas and chocolate, and about fifty boys sat down at the table.

COUNCIL PROCEEDINGS.

(Continued From Second Page.)

They have burnt twelve lightning arresters in different boxes, seven of them must be replaced by new ones, and they destroying other parts of the house. One system consists of four circuits. The electric light wires have at last come in contact with all of them but one circuit. Now, Fresh is of opinion that your honorable body that this trouble is no fault on our side. We keep our wires in first class condition, and some action should be taken soon to prevent the electric light company from burning their wires to the fire alarm wires, as often as they have been in the habit of burning them. If that is not done our fire system of fire alarm will be ruined in a short time.

HENRY BURKHART,
Chief of Fire Department.

Referred to fire committee and attorney with power to act.

REPORT OF CITY CIVIL ENGINEER.

In the matter of the petition of E. J. Bauer and the report of the street commissioner in reference thereto, on the construction of Lewis street by the erection of repair of the city ponds between Lafayette and Clinton, we have surveyed the premises referred to and find that Sabastel Hahn, in laying out his addition, dedicated an alley from Calhoun to Harrison street, being ten feet 8.2-3 and 12 inches north of the county tail lots, and named the same Locust alley. Said alley being 40 feet wide at Calhoun street and 12 feet wide at Harrison street. The city in constructing the pound of crackers placed the same so as to cover the entire width of said alley at Calhoun street.

I can suggest no other remedy than to pave said gutter across Lewis street. If Mr. Bauer insists on it.

T. J. BRACKENRIDGE,
City Civil Engineer

Referred to committee on streets.
